(a) The words "A Warm Air Heating System" where used in this ordinance shall mean a heating system consisting of one or more warm air furnaces, enclosed within casings, together with necessary appurtenances thereto, consisting of warm air pipes and fittings, cold air or recirculating pipes, ducts, boxes and fittings, smoke pipes and fittings, registers, borders, faces and grilles, the same being intended for heating buildings in which they may be installed, and may be either gravity recirculating system, or forced air mechanical systems with fans or blowers, to accelerate the circulation of air.

(b) The words "Outside Cold Air Pipes" where used in this ordinance shall mean the duct or pipe from the outside connected from cellar window to other cellar wall opening direct to the furnace casing.

(c) The words "Inside Cold Air Pipe" where used in this ordinance shall mean the duct or pipe carrying the air which has given up its heat back to the furnace for another change of heat and connects one or more openings in the floor with the furnace casing.

(d) The words "Warm Air Pipes" where used in this ordinance shall mean the ducts or pipes carrying the warm air from the fur-

nace to the room or place where it is to be used. The horizontal pipes in basement are the basement pipes. The vertical pipes lying within the walls are the stacks.

(e) The word "Register" where used in this ordinance shall mean the grating and closing or regulating means used at end of the warm air pipes, or cold air pipes.

Section 2. Requirements in Buildings—The following shall be done by the owner or building contractor in every building wherein a warm air heating system is to be installed:

(a) At or near the points where warm air register boxes, heads or stacks are to be installed, floor beams shall be set with not less than 14" clear space between them, and in supporting partitions shall be butted with ends in line and not lapped.

(b) The studs at these points shall be set directly over and under the beams, leaving a space of not less than 14" clear between the studs. Wherever beams are cut, headers must be put in to support them.

(c) All first story single or sub-floors shall be continuous. In all houses having studded exterior walls, these floors shall be extended to the outside sheathing and all spaces between studding shall be closed at the attic line.

Section 3. Chimneys—The owner shall provide a chimney for the furnace constructed to comply with the following requirements:

(a) The chimney must be absolutely smoke tight throughout its entire length, and must extend at least three feet (3') above a flat roof or two feet above the ridges of peak roofs.

(b) If built of a single thickness of brick or of cement blocks, the chimney shall be lined throughout its entire length with fire clay flue lining, having not less than three-fourths inch ($\frac{3}{4}$ ") thickness. Flue lining is to be laid in mortar and made air tight.

(c) The furnace flue shall have no other opening for attaching any fireplace, furnace, stove, range, water heater, gas or ventilating connection. Furnace flues shall not be used for the accommodation of pipes or be obstructed in any way whatsoever.

(d) If necessary to offset the flue, it must be done so as not to reduce the cross-sectional area nor create a ledge or obstruction, where loose material may lodge.

(e) The minimum cross-sectional area of any flue lining shall be 79 square inches,

and may be square, round or rectangular.

Section 4. Location of the Furnace—

(a) The furnace shall, if possible, be located to equalize the length of horizontal pipes, but, if possible, give preference to pipes supplying living room, dining room and main hall.

(b) The furnace shall be placed close to the chimney.

(c) A level foundation of brick, cement or other incombustible material must be provided. It shall extend at least fifteen inches (15") outside of furnace casing at sides and rear, and at least thirty-six inches (36") in front.

Section 5. Size of Horizontal Pipes, Wall Stacks and Registers—Wherever warm air systems are installed in the City of Pittsburgh, the size of horizontal pipes, wall stacks and registers shall be determined as follows:

(a) Measure each room separately. Divide square feet of full casement door and window openings exposed to the outside air by 12; the square feet of net exposed wall therein by 60; the cubic contents therein by 800.

For the area in square inches of First floor basement pipes, multiply the sum of the above figures for First floor room or rooms by 9. For area of Second floor basement pipes in square inches, multiply the sum of the above figures for Second floor room or rooms by 6; the corresponding area of Third floor pipes multiply above figures for Third floor by 5.

The area of wall stacks to be as follows:

(b) For the First floor rooms, the same as the area of the basement pipe thereto; for Second or Third floor rooms, the area may be 60% of the figured area of its basement pipe.

(c) All registers shall have a free area at least equal to the calculated area of the basement pipe.

Section 6. Transition, Fittings and Stacks—Transition from warm air pipes to stacks shall be made with a well designed elbow or boot and no stack shall be less than 60% of the warm air pipe area.

Section 7. Determining Size of Furnace—

(a) The furnace shall not have a less capacity than that denoted by the sum of the areas of all warm air basement pipes computed as above. The extreme load capacity of a furnace shall be determined by the following furnace rating formula,

(b) Furnace Rating Formula

$$L = 1.75 G [1 - 0.02 (r-20)]$$

L=square inches of warm air pipe connected to the furnace as calculated.

G=grate area in square inches; the area of the fire pot at the grate level or its most restricted area.

R=ratio of heating surface area to grate area;

1.75=a constant based upon the results obtained in the Association Research on a furnace having 20 square feet of heating surface for each square foot of grate, and including factors for:

E=efficiency of heater;

C=combustion rate;

F=calorific value of fuel;

0.75=percentage of heat available at registers;

136=B. t. u. delivering value of one square inch of pipe, assuming half of the heat is sent to each floor. This value is based on an operating temperature of 175 degrees F. at the register.

The formula allows 1.75 square inches of warm airpipe area for each square inch of grate area, for the furnace having a ratio of heating surface to grate surface of 20 to 1. For furnaces having other ratios of heating surfaces to grate surface, it adds 2 per cent or deducts 2 per cent for each unit above or below a ratio of 20.

Every warm air furnace shall be equipped with a water pan or other humidifying device.

(c) Gas furnaces shall be rated at 60% of the heat input in B. T. U. unless a greater efficiency is approved by the American Gas Association.

The resultant B. T. U. output when divided by 110 for First floor, 167 for Second

floor and 200 for Third floor outlets, shall constitute the maximum leader pipe capacity.

Section 8. Setting and Assembling of Furnace—

(a) The base ring of the furnace shall be cemented air tight to the foundation.

(b) All sections and joints shall be properly fitted. Joints requiring cement shall be completely filled with asbestos furnace cement, and all bolts shall be drawn up tightly.

Section 9. Casings—Every warm air heating furnace shall be enclosed in either a metal casing or within wall of brick, tile or concrete.

Metal casings including casing tops shall be made of galvanized sheets not lighter than 26 U. S. Standard Gauge. They must fit the casing and the casing rings closely so as to be dust tight and shall be securely fastened to the front. The casing shall be lined from the upper casing ring down to the grate level with black iron of not less than 28 gauge U. S. Standard or bright I X tin, and an insulation consisting of either one-ply asbestos air cell held securely between the lining sheet and the casing, or a one-inch air space firmly fixed by suitable spacers.

When side collars are used, the casing top must be of sufficient height so that the largest warm air pipes can be taken from the side without ovaling. In no case shall a distance less than eight inches be maintained between the top of any furnace and the top of casing or bonnet.

Any furnace, the casing top of which shall come within twelve inches of any combustible floor, ceiling, or joists shall be protected by a metal shield, extending not less than eighteen inches beyond the casing of said furnace. This shield shall be suspended at least two inches below woodwork, allowing free air space between shield and woodwork. No furnace casing or top, coming nearer than six inches of ceiling or joists shall be allowed. All metal casing hoods shall be covered by not less than two inches of magnesia cement, sand or clay.

Openings for side casing collars shall be cut into the casing top, so that the tops of all openings are on a level. Casing collars shall be fitted into place with a proper flange, or bead on the outside and drawn up on the inside, making a dust tight joint. All collars shall be of the same size as the pipes to

which they are connected. No warm air pipes shall be taken from over the front of the furnace.

Section 10. Warm Air Pipes in Basement—

(a) All warm air pipes shall be made of bright tin or galvanized iron. Any pipe 12" or over in diameter shall be made of I X tin or galvanized iron. All joints shall be either double seamed or lapped and then soldered or riveted.

(b) No warm air pipe shall run within one inch of any woodwork except it is at least four feet or more from the furnace, unless such woodwork is covered with asbestos paper and the paper covered with tin or iron.

(c) All warm air pipes in the basement shall be provided with dampers not more than two feet from the casing.

(d) When a warm air pipe shall pass through a masonry division wall, a metal thimble shall be provided, having a diameter at least one inch greater than the pipe, and the pipe shall be supported in such a manner that the air space is uniform on all sides.

Section 11. Construction of Wall Stacks—All wall stacks or wall pipes, heads, boots, elbows, tees, angles and other connections shall be made of bright tin not lighter than I C and shall be made double from basement to the top of each and every stack and register head on all floors. There shall be continuous uniform air space of not less than five-sixteenths of an inch, which must be maintained between the outer and inner walls of all such pipes and fittings of all kinds, styles and descriptions; such pipes, heads, boots and other fittings to be of the styles or equal to those approved by the National Board of Fire Underwriters.

All pipes and fittings must be secured firmly in place by lugs or straps attached to the outer walls of stacks and fittings and no nails shall be driven through these stacks or fittings at any point. The various sections shall be so made that all joints are locked or soldered and the several sections shall be attached to each other with air tight slip joints.

Where brick flues are used for warm air they shall be lined with sheet metal and closed tight above the register.

Section 12. Method of Installing Registers.

(a) When baseboard or wall registers are used they shall be permanently attached to the stack head in such a manner that will

prevent any leakage of air. All wall registers shall be set in plaster of paris.

(b) Floor registers shall be provided either with register borders or double boxes of tin or galvanized iron with an air space of not less than five-sixteenths of an inch between inner and outer boxes.

(c) Registers shall be placed only in or near the inside walls.

(d) All registers placed in combustible floors, other than in private residences, shall be set in metal borders.

Section 13. Air Supply to Furnaces.

(a) The air supply to furnace or warm air heating plants may be taken from outside or from within the building or may be taken partially from outside and partially from within. In no case shall air be supplied to any furnace from any basement or furnace room not occupied as living quarters.

(b) Rectangular cold air intakes or returns (where air is taken from within the building) shall have a net elliptical area throughout its entire length 10% greater than the combined net area of all warm air pipes leading from the furnace, obtained by the use of one or more ducts. No cold air duct shall have a greater diameter than 24" from a single cold air grille and shall be equalized at the casing. Where only one cold air return is used it shall be placed at the rear of furnace.

(c) When a cold air supply is taken wholly from the outside of the building, the supply duct at its most contracted area must equal or exceed eighty per cent of the combined area of all warm air pipes leading from the furnace.

(d) Cold air ducts shall be constructed of metal, tile or other incombustible material having smooth inner surface and shall maintain a constant net area throughout their entire length and shall be made airtight. The opening of any boot, shoe or collar connected to the casing at the base shall not extend higher than the line of the grate level. The width of the shoe shall be of proper measurement to make the area at least equal to that of the round or square pipe to which it is connected.

(e) Whenever the space between two or more joists is used to convey cold air overhead, it shall be inclosed with No. 26 Standard gauge galvanized iron with a fall of $\frac{1}{4}$ " per foot to the transition collar, the net elliptical area of which shall be at least 10% greater than connecting collar to receive

round pipe. In no case shall a cold air duct be run directly over a warm air furnace.

(f) The cold air grille shall have a total free air area 10 per cent greater than the duct to which it is connected.

Section 14. Smoke Pipes.

(a) The smoke pipe shall be as short and direct as consistent with the location of the furnace. It shall be made of either black or galvanized iron not lighter than No. 24 U. S. Standard gauge, and of the full size of the collar on the furnace throughout its entire length. It must have no other opening attached thereto. It shall be lock seamed or riveted. All joints shall lap not less than one and one-half inches and the pipe shall be rigidly secured. Cast iron smoke pipe may be used.

(b) The connection of the smoke pipe to the flue shall extend in as far as the inner side of the flue lining and shall be made airtight to the lining and chimney. Any combustible material within twelve inches of any smoke pipe shall be covered with asbestos paper and a metal shield so fastened that a two-inch air space shall exist between this shield and the combustible material. This shield shall be no less in size than twice the diameter of the smoke pipe and of the entire length of the smoke pipe.

(c) No smoke pipe shall project through any external wall or window. No furnace connection is to be made to flue without proper cleanout facilities having first been provided in the flue. Such furnace connection shall be made of 26 gauge galvanized metal or a cast iron collar with tight fitting cap four inches below smoke pipe, with a pocket not over 10-inches deep.

A back draft hood or tee connection with butterfly valves shall be placed on all Gas furnaces.

Section 15. Installations, Replacements and Repairs to Installations—Installation of new warm air heating systems in old houses shall conform to the provisions of this ordinance. It shall not be necessary to remove the plaster and lath from the walls where the new stacks are to be run provided said double stacks are properly fastened together before being installed.

Old wall stacks to second and third floors may be used if in good condition, if within 20% of required area, by increasing size of the basement pipes connected with the said old wall stacks. All first floor pipes

and registers must be of sufficient size to conform with city ordinance.

Where old type floor registers are found in old wall stacks, they shall be replaced with wafer type single valve registers. All old wall stack boots shall be replaced unless they are of the approved type.

Section 16. Inspection—

(a) It shall be unlawful for any person, persons, firm or corporation to install any warm air heating system within the City of Pittsburgh, without first obtaining from the Superintendent of the Bureau of Building Inspection a permit to do such work, for which permit said person, persons, firm or corporation shall pay to the City Treasurer, the sum of Five (\$5.00) Dollars for each warm air heating system installed.

Repairs such as renewal of smoke pipes, replacing grate bars, and firepots, may be made without a permit. The installing of a complete furnace in an old casing or hood shall not be permitted. If there are any additional warm air pipes to be run or cold air returns to be made, or any change whatsoever in the warm air heating system then a permit shall be applied for, specifying changes to be made and a fee of One (\$1.00) Dollar paid for each warm air pipe and cold air pipe added.

Gas hall heaters suspended from the floor will be permitted with a cold air return from floor and a fume pipe to the chimney, and they shall have sufficient capacity to heat the Hall or rooms to be heated as provided in this ordinance.

(b) When such installation of warm air heating system has proceeded to where the stacks to upper floors and heads for all side wall registers have been installed, and boots have been connected, the contractor for this work shall notify the Bureau of Building Inspection whose duty it shall be to make an inspection of such work. Upon finding that the work complies in all respects with the terms of this ordinance, there shall be affixed by said inspector to each stack or register head a certificate stating that the work complies with the ordinance relating thereto.

(c) Final inspection of system shall be made after it is connected up and ready to operate, but before any fire has been started.

(d) Inspection of repaired or renewed work shall be made in each case as the nature of the work shall require.

(e) It shall be unlawful for any person to lath over, plaster or cover up any warm air heating work before such work has been inspected and certificates above referred to have been attached. The Bureau of Building Inspection shall have the right and authority to remove or order removed all such lath, plaster or other covering which may have been placed over such work before same has been inspected.

Section 17. Any person violating any provision of this ordinance, upon conviction before a Police Magistrate or Alderman of the City of Pittsburgh, shall be sentenced to pay a fine not to exceed One Hundred (\$100.00) Dollars, and in default of payment of such fine, be sentenced to the Allegheny County Jail for a period not to exceed Thirty (30) days.

Section 18 (a) The following ordinance is repealed absolutely.

"An Ordinance regulating installation and inspection of warm air heating systems in residences, warehouses and other industrial establishments, stores and other mercantile establishments, schools and other educational buildings, sanitariums, theatres, churches and other places of public assembly, defining certain terms therein, providing for permits therefor, fixing fees for same and providing penalty for violation thereof," approved July 21, 1927, and recorded in Ordinance Book Vol. 39, Page 127.

(b) The following ordinances are repealed insofar as they conflict with the provisions of this ordinance.

(1) "An Ordinance regulating the construction, alteration, additions to, arrangement, equipment and the use and occupancy of all buildings such as are designed or used for the purpose of dwelling houses, which shall hereafter be known as buildings of Classification No. VIII; providing for the issuance of construction and occupancy permits, therefor; and providing penalties for the violations of the provisions hereof," approved December 13, 1920.

(2) "An Ordinance regulating the construction, alteration, additions to, demolition, arrangement, and the use and occupancy of buildings, structures, party walls, and appurtenances thereto, for which provisions are not directly and specifically made by ordinance regulating the classifications of occupancy, and in addition thereto, supplementing said ordinances; defining certain words and terms used in the building regulations of the

City of Pittsburgh; providing standards for equipment, apparatus," and approved October 16, 1924.

Section 19. That any Ordinance or part of Ordinance, conflicting with the provisions of this Ordinance, be and the same is hereby repealed, so far as the same affects this Ordinance.

No. 272

AN ORDINANCE—Granting the Pittsburgh Railways Company, its successors, lessees and assigns, the right to construct and maintain a canopy over the junction of Sycamore and Smithfield streets, in the City of Pittsburgh, subject to the terms and conditions herein provided.

WHEREAS, the Pittsburgh Railways Company is engaged in the operation of a system of street railway in the City of Pittsburgh, including a line extending over and along Smithfield street, to and through the tunnel of the Mt. Washington Tunnel Company; and,

WHEREAS, for the safety of pedestrians, street cars, and other vehicular traffic, the Pittsburgh Railways Company desires to construct and maintain a canopy over the north portal of said tunnel of the Mt. Washington Tunnel Company, at the intersection of Sycamore and Smithfield streets, said canopy to be designed to catch stones, blocks and other debris which may fall from the hillside directly over the portal of said tunnel.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That the Pittsburgh Railways Company, its successors, lessees and assigns, shall have the right, and they are hereby authorized to construct and maintain a canopy over the north portal of the tunnel of the Mt. Washington Tunnel Company at the junction of Sycamore and Smithfield streets, in the City of Pittsburgh, said canopy to be constructed and maintained in accordance with plans to be approved by and in a manner satisfactory to the Director of the Department of Public Works of the City of Pittsburgh.

Section 2. The Pittsburgh Railways Company shall bear the entire cost of constructing and maintaining said canopy, and all work incidental thereto shall be performed in such manner that the flow of traffic on Sycamore and Smithfield streets shall not be impeded thereby.

Section 3. Pittsburgh Railways Company, its successors, lessees and assigns, shall indemnify and save harmless the City of Pittsburgh from all costs, loss or damage due to or arising out of the construction and maintenance of the aforesaid canopy.

Section 4. This Ordinance shall be accepted by the Pittsburgh Railways Company within thirty (30) days after its passage and approval by a certificate of acceptance of all the conditions and provisions thereof, the said certificate to be executed by the President of the Company, and its corporate seal to be thereto affixed, attested by its Secretary, or an Assistant Secretary, and shall be filed with the Controller of the City of Pittsburgh.

Section 5. That any Ordinance or part of Ordinance, conflicting with the provisions of this Ordinance, be and the same is hereby repealed, so far as the same affects this Ordinance.

No. 273

AN ORDINANCE—Granting unto the H. J. Heinz Company, its successors and assigns, the right to construct, maintain and use conduits under and across Progress street, and conduits and sprinkler line on Carpenter way for the purpose of transmitting electricity and water to the property of the H. J. Heinz Company on Progress street, in the 23rd Ward, City of Pittsburgh, Pa.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That the H. J. Heinz Company, its successors and assigns be and they are hereby given the right and authority at its own cost and expense to construct, maintain and use conduits and sprinkler line as follows:

- (1) A conduit line 50 feet long under and across Progress street, distant 388.5 feet northeastwardly from the southerly property line of Heinz street.
- (2) A conduit line 221.00 feet long under and along Carpenter way, distant, 221.00 feet southwestwardly from the northerly property line of Heinz street.
- (3) A sprinkler line 391.00 feet long, under and along Carpenter way, distant 391.00 feet southwestwardly from the northerly property line of Heinz street.

Said conduits and sprinkler line being for the purpose of transmitting electric and water service to the new Auditorium of the H. J. Heinz Company, 23rd Ward, Pittsburgh, Pa.

The said conduits and sprinkler line shall be constructed in accordance with the provisions of this Ordinance and in accordance with the plan hereto attached and identified as Accession No. B-364, Folder "B", in the files of the Division of Public Utilities, Bureau of Highways and Sewers, Department of Public Works, entitled, "Proposed conduits and sprinkler line under, across and along Progress street and Carpenter way for the H. J. Heinz Company, 23rd Ward, Pittsburgh, Pa.

Section 2. That the said company, prior to beginning the construction of said conduits and sprinkler line, shall submit to the Director of the Department of Public Works of the said City a complete set of plans showing the location and all details for the construction of said conduits and sprinkler line, and said plans and the construction of said conduits and sprinkler line shall be subject to the approval and supervision of said Director.

Section 3. That the rights and privileges herein granted shall be subject and subordinate to the rights of the City of Pittsburgh and its powers over City streets, and to the ordinances of the City of Pittsburgh relating thereto, and to the provisions of any general ordinance which may hereafter be passed, relating to the construction, maintenance and use of conduits and sprinkler line in City streets and compensation for same.

Section 4. That the said grantee shall bear the full cost and expense of the repaving and repair of the street damaged, repair of sewers, water lines and other surface and sub-surface structures which may be in any

way damaged or disturbed by reason of the construction, maintenance and use of said conduits and sprinkler line. All of the said work, including the repaving of the street damaged, shall be done in the manner and at such times as the Director may order, and shall be subject to his approval and supervision.

Section 5. That the rights and privileges granted by this ordinance are granted upon the express condition that the City of Pittsburgh, without liability, reserves the right to cause the removal of the said conduits and sprinkler line, upon giving thirty (30) days' notice through the proper officers pursuant to resolution or ordinance of Council to the said H. J. Heinz Company, its successors and assigns, to that effect; and that the said grantee when so notified, shall at the expiration of the said thirty days, forthwith, remove the said conduits and sprinkler line and replace the street to its original condition, at its own cost and expense.

Section 6. That the said grantee shall assume any liability of the City of Pittsburgh for damages to persons or property, including the street and sub-surface structures therein, by reason of the construction, maintenance and use of the said conduits and sprinkler line, and it is a condition of this grant that the City of Pittsburgh assumes no liability to either persons or property on account of this grant.

Section 7. That the foregoing rights and privileges are granted subject to the following condition, to-wit: This ordinance shall become null and void unless within thirty (30) days after its passage and approval, the H. J. Heinz Company shall file with the City Controller its certificate of acceptance of the provisions thereof, said certificate to be executed by the said H. J. Heinz Company, with its corporate seal attached.

Section 8. That any Ordinance or part of Ordinance, conflicting with the provisions of this Ordinance, be and the same is hereby repealed, so far as the same affects this Ordinance.

AN ORDINANCE—Authorizing and directing the Mayor and the Director of the

Department of Public Works of the City of Pittsburgh, to make, execute and deliver in the name of and for the City of Pittsburgh, in connection with the repaving of that portion of Baldwin road within the corporate limits of the City of Pittsburgh and extending from the City Line at Steen street to Crafton boulevard, a contract with the proper officers of the Borough of Crafton to grade, pave and curb the portion of Baldwin road located within the corporate limits of the Borough of Crafton, from the City Line at Steen street to Crafton boulevard, and providing for the payment of the cost thereof.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That the Mayor and the Director of the Department of Public Works of the City of Pittsburgh shall be and they are hereby authorized and directed to make, execute and deliver in the name of the City of Pittsburgh, the following contract with the Borough of Crafton and to affix thereto the corporate seal of the said City.

ARTICLES OF AGREEMENT

Made and entered into this.....day of....., 1930, by and between the Borough of Crafton, party of the first part, and the City of Pittsburgh, party of the second part.

WITNESSETH

Whereas, The Borough of Crafton desires to grade, pave and curb that portion of Baldwin road within its corporate limits from the City Line at Steen street to Crafton boulevard, and has legally authorized by ordinance said improvement, and

Whereas, The said Borough desires that the City of Pittsburgh perform the work of grading, paving and curbing of that portion of Baldwin road located within its corporate limits in conjunction with the contract for repaving Baldwin road located within the corporate limits of the City of Pittsburgh, from the City Line at Steen street to Crafton boulevard, in order to obtain a properly paved thoroughfare for the entire length of the improvement, which would not obtain if the work were carried out in separate contracts, and

Whereas, The Town Council of the Borough of Crafton in regular meeting assembled theday of....., 1930, passed a Resolution agreeing that the Borough of

Crafton will pay to the City of Pittsburgh the cost of grading, paving and curbing that portion of Baldwin road within the Borough of Crafton.

Now Therefore, This Agreement Witnesseth: That the parties hereto in consideration of the mutual covenants and conditions herein recited do covenant and agree as follows: each covenanting for and binding itself to the other:

First. The Borough of Crafton hereby authorizes the City of Pittsburgh to grade, pave and curb that portion of Baldwin road within the corporate limits of the Borough of Crafton from the City Line at Steen street to Crafton boulevard in conjunction with the contract for the repaving of Baldwin road from the City Line at Steen street to Crafton boulevard, in order to have one contractor carry out the entire improvement.

Second. The City of Pittsburgh, upon passage and approval of an Ordinance authorizing the repaving of Baldwin road from the City Line at Steen street to Crafton boulevard within its corporate limits, will grade, pave and curb that portion of Baldwin road located within the corporate limits of the Borough of Crafton between the City Line at Steen street and Crafton boulevard as part of the entire improvement of the street, the estimated cost of the improvement within the City of Pittsburgh being \$14,500.00, and the portion within the Borough of Crafton being estimated at \$12,500.00.

Third. Within thirty (30) days after completion and acceptance of the work, the Borough of Crafton agrees to pay the Treasurer of the City of Pittsburgh, the costs of improvement within its corporate limits as shown in separate final estimate issued and approved by the Director of the Department of Public Works of the City of Pittsburgh, and the Mayor and Controller are hereby authorized and directed respectfully to issue and countersign a warrant drawn on said fund in payment of the cost of the final estimate for the work done within the corporate limits of the Borough of Crafton.

Fourth. Upon the completion of the contract for the repaving and the grading, paving and curbing of said Baldwin road, the City of Pittsburgh shall be responsible for and maintain the portion of the street pavement within the corporate limits of the City, and the Borough of Crafton shall be

responsible for and maintain the portion of the street pavement within the corporate limits of the Borough.

In Witness Whereof, The Borough of Crafton has caused its corporate seal to be hereunto affixed, and this contract to be signed by the proper Officials of the Borough of Crafton, and this contract is signed and executed in the name of the City of Pittsburgh and for the City of Pittsburgh by its Mayor and its Director of the Department of Public Works, and the seal of the said City is by the Mayor hereto affixed, he having been duly authorized so to do by ordinance of Council of said City, all done the day and year aforesaid.

No. 317

AN ORDINANCE—Authorizing and directing the Mayor and the Director of the Department of Public Works, for and in behalf of the City of Pittsburgh, to enter into a contract with the Pennsylvania Railroad Company, providing for changes in certain streets of the City of Pittsburgh to promote the interests of the City and the general public which changes involve the vacation of certain streets, widening of

other streets and ways, the opening of new streets, the granting of subsurface and overhead rights in certain streets, ways and property of The Pennsylvania Railroad Company, and the right to lay additional tracks and provide other facilities, and to enable The Pennsylvania Railroad Company to more adequately serve the public at its Passenger Terminal.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That the Mayor and the Director of the Department of Public Works be and they are hereby authorized and directed to make, execute and deliver in the name and in behalf of the City of Pittsburgh, a contract with The Pennsylvania Railroad Company as follows, to-wit:

THIS AGREEMENT

Made this.....day of....., A. D. 1930, between the City of Pittsburgh, hereinafter called the "City", party of the first part,

AND

The Pennsylvania Railroad Company, hereinafter called the "Company", party of the second part.

WITNESSETH:

WHEREAS, pursuant to an Ordinance enacted by Council of the City and approved by the Mayor on the fifth day of March, 1925, the City and the Company entered into a contract dated March 25, 1925, providing, among other things, for the vacation and widening of certain existing streets and ways, the opening of new streets, etc., in order to make it possible for the Company to change and enlarge its facilities for the purpose of furnishing adequate service and promoting the interests of the City and the general public; and,

WHEREAS, in lieu of the widening and improving of Spring way and Eleventh street, as provided in the First article—sections (C) and (D) of said Agreement of March 25, 1925, it is the desire of the City to relocate Eleventh street; to relocate and extend Grant street from a point 578.10 feet northwardly from the northerly line of Seventh avenue to Penn avenue and Slocum way; to widen Penn avenue from the westerly line of Slocum way eastwardly to a proposed new street to be known as Liberty avenue east of Seventeenth street; to open

and improve a new street fifty-four (54) feet wide east of Seventeenth street as a relocation of Liberty avenue from Penn avenue to present Liberty avenue; to open a new street west of Twentieth street to be known as Nineteenth street and extending from Penn avenue southwardly to said relocated Liberty avenue, and to widen Twentieth street to sixty (60) feet between Penn avenue and Liberty avenue as relocated—all as shown on Plan No. 2338, prints of said plan being on file in the Department of Public Works, Bureau of Engineering, Division of Surveys, of said City; and,

WHEREAS, in order to consummate the foregoing changes it will be necessary to provide for the vacation of Liberty avenue from Grant street as extended to the aforesaid relocated Liberty avenue near Twentieth street; the vacation of a strip of land of variable width lying along the easterly line of Grant street and extending from Liberty avenue 33.14 feet southwardly therefrom, required for the opening of Grant street, provided for in said Agreement of March 25, 1925; the vacation of Spring way from Grant street as extended to Twentieth street; the vacation of a portion of Eleventh street of variable width lying north of Penn avenue between the present westerly line of Eleventh street, now existing, and the westerly line of Eleventh street as relocated; the vacation of Slocum way, Twelfth street, Thirteenth street, Fourteenth street, Fifteenth street, Sixteenth street and Seventeenth street between the present northerly line of Liberty avenue and the southerly line of Penn avenue as widened; and the vacation of Twentieth street from the northerly line of Liberty avenue as now opened to the southerly line of Liberty avenue as relocated; and, further, to authorize the Company to relocate its tracks now crossing Eleventh street and Penn avenue and to lay additional tracks in the new location;

NOW, THEREFORE, IN CONSIDERATION of the mutual covenants and agreements herein contained, it is hereby agreed between the parties hereto as follows:

FIRST: (a) The Company agrees to convey or cause to be conveyed to the City of Pittsburgh for highway purposes all land necessary for the relocation of Eleventh street, as herein specifically described, upon the payment by the City of such sums as provided in paragraph FIFTH of this Agreement.

(b) The Company further agrees to acquire and dedicate or cause to be dedicated to the City for highway purposes all land not owned or controlled by the City necessary for the relocation and extension of Grant street from a point 578.10 feet northwardly from the northerly line of Seventh avenue to Penn avenue and Slocum way, as hereinafter specifically described, upon the terms and conditions contained in paragraph FIFTH of this Agreement.

(c) The Company further agrees to acquire and dedicate or cause to be dedicated to the City for highway purposes, without cost or expense to the City, all land not owned or controlled by the City, necessary for the widening of Penn avenue from the westerly line of Slocum way to the southerly line of Liberty avenue as relocated, as herein specifically described.

(d) The Company further agrees to acquire and dedicate or cause to be dedicated to the City for highway purposes, without cost or expense to the City, all land necessary for the location and opening of said new street to be known as Liberty avenue, extending from the southerly line of Penn avenue as widened east of Seventeenth street to Liberty avenue, and the new street west of Twentieth street to be known as Nineteenth street, extending from Penn avenue to the said relocated Liberty avenue as hereinafter specifically described.

(e) The Company further agrees to acquire and dedicate or cause to be dedicated to the City for highway purposes, without cost or expense to the City, all land necessary for the widening of Twentieth street from the southerly line of Penn avenue to the northerly line of the relocated Liberty avenue, as hereinafter specifically described.

(f) It is understood and agreed, however, that if it shall become necessary to acquire by condemnation for street purposes any of the property hereinabove agreed to be dedicated by the Company, the City shall at the request of the Company condemn the same, and the Company shall in each such case pay all damages and costs of every kind and character involved in said proceeding or proceedings for the acquisition and condemnation of said property.

(g) It is understood that all buildings or structures now located on the land to be acquired and dedicated or caused to be acquired or dedicated for highway purposes

by the Company are to be removed at the expense of the Company.

(h) It is understood and agreed that the Company shall not be required to pay the City for property located within the proposed lines of any avenue, street, alley or way vacated under the terms of this Agreement.

(i) In order to provide for the construction of a subway in the future the Company does hereby agree that it will grant without cost to the City an easement or right-of-way for a street car or rapid transit subway under and across its property located at the southeast corner of Penn avenue and Grant street as relocated and extended by this Agreement, and it is further provided that the Company will locate and construct its improvements, piers and/or foundations adjacent to the lines of said proposed subway of sufficient depth as required by the City, and, so as not to interfere with the construction of the proposed subway, will follow approximately Plan No. 2338, identified by the signatures of the Chief Engineer of the Company and the Director of the Department of Public Works of the City of Pittsburgh.

SECOND: The Company agrees to locate and construct a new terminal for the handling of passengers, baggage and express, fronting upon Penn avenue as widened and having its central axis on or about the center of Thirteenth street.

THIRD: (a) The City agrees to relocate and extend Grant street from a point 578.10 feet northwardly from the northerly line of Seventh avenue to Penn avenue and Slocum way, the lines of which street shall be as follows:

The easterly line shall begin at a point on the present easterly line of Grant street distant 578.10 feet north of the northerly line of Seventh avenue; thence north $28^{\circ} 58' 14''$ east for the distance of 52.06 feet to a point; thence north $73^{\circ} 58' 14''$ east for the distance of 11.23 feet to a point; thence north $27^{\circ} 00' 25''$ east for the distance of 60.00 feet to a point; thence north $17^{\circ} 59' 35''$ west 8.31 feet to a point; thence north $28^{\circ} 58' 14''$ east for the distance of 76.33 feet to a point; thence north $16^{\circ} 37' 04''$ east for the distance of 208.26 feet to a point; thence north $45^{\circ} 00' 00''$ east for the distance of 21.29 feet to a point; thence by the arc of a circle, concave toward the north, having

The westerly line shall begin at a point on the present westerly line of Grant street distant 595.87 feet from the northerly line of Seventh avenue, 60.00 feet wide; thence north $62^{\circ} 59' 36''$ west for the distance of 2.00 feet to a point; thence north $27^{\circ} 00' 25''$ east for the distance of 14.38 feet to a point of curve; thence by the arc of a circle, concave toward the south, having a radius of 20.00 feet and a central angle of $135^{\circ} 58' 53''$ for the distance of 47.47 feet to a point of tangent on the southerly line of Liberty avenue; thence north $15^{\circ} 33' 59''$ east for a distance of 97.14 feet to a point on the northerly line of Liberty avenue distant 138.23 feet westwardly from the intersection of the northerly line of Liberty avenue with the westerly line of Eleventh street as now opened; thence north $43^{\circ} 49' 17''$ east for the distance of 11.32 feet to a point; thence north $16^{\circ} 37' 04''$ east for the distance of 34.00 feet to a point; thence south $73^{\circ} 22' 56''$ east for the distance of 2.00 feet to a point; thence north $16^{\circ} 37' 04''$ east for the distance of 178.95 feet to a point on the westerly line of Eleventh street as now opened; thence along the said westerly line of Eleventh street north $19^{\circ} 15' 50''$ west for the distance of 61.58 feet to the southerly line of Penn avenue; thence north $73^{\circ} 14' 13''$ east for the distance of 60.12 feet to the southeasterly intersection of Eleventh street and Penn avenue; thence along the southerly line of Penn avenue north $50^{\circ} 44' 04''$ east for the distance of 251.63 feet to the westerly line of Slocum way.

(b) The City agrees to relocate Eleventh street from Penn avenue to Pike street, the lines of which shall be as follows:

The westerly line shall begin at a point on the northerly line of Penn avenue distant 31.00 feet westwardly from the northwesterly intersection of Penn avenue and Eleventh street; thence by the arc of a circle, concave toward the north,

having a radius of 20.00 feet and a central angle of $90^{\circ} 00' 00''$ for the distance of 31.42 feet to a point of tangent; thence north $19^{\circ} 15' 50''$ west for the distance of 15.50 feet to a point; thence by the arc of a circle, concave toward the east, having a radius of 200.00 feet and a central angle of $19^{\circ} 05' 17''$ for the distance of 66.63 feet to a point of tangent, said point being on the westerly line of Eleventh street as now opened; thence north $00^{\circ} 10' 33''$ west for the distance of 59.00 feet to a point of curve; thence by the arc of a circle, concave toward the west, having a radius of 99.93 feet and a central angle of $40^{\circ} 10' 53''$ for the distance of 70.12 feet to a point of tangent; thence north $40^{\circ} 21' 26''$ west for the distance of 50.00 feet to a point on the present westerly line of Eleventh street.

The easterly line shall begin at a point on the northerly line of Penn avenue, as now opened, distant 81.41 feet eastwardly from the northeasterly intersection of Penn avenue and Eleventh street, said point being on the line dividing the properties now or late of The Pennsylvania Railroad Company and M. Arnfeld; thence northwardly along the line dividing said properties and said line produced for the distance of 120.00 feet to the northerly line of Mulberry way; thence north $50^{\circ} 44' 04''$ east for the distance of 40.91 feet to a point; thence north $40^{\circ} 21' 26''$ west for the distance of 80.00 feet to a point; thence north $5^{\circ} 11' 19''$ east for the distance of 14.15 feet to a point on the southerly line of Pike street.

(c) The City agrees to widen and improve Penn avenue.

The northerly line of Penn avenue is described as coinciding with the present northerly line of Penn avenue from the easterly line of Eleventh street as relocated to the westerly line of Eighteenth street.

The southerly line of Penn avenue as widened is described as coinciding with the present southerly line of Penn avenue and the northerly line of Grant street as extended, between Eleventh street as now opened and the westerly line of Slocum way; thence eastwardly parallel to and one hundred twenty-four (124) feet south of the above described northerly line to a point four hundred thirty-seven and fifty-two hundredths (437.52) feet eastwardly from the westerly line of Slocum way; thence east-

wardly parallel to and one hundred twenty (120) feet south of the above described northerly line to a point one hundred nineteen (119) feet west of the westerly line of Fourteenth street; thence eastwardly parallel to and one hundred ten (110) feet south of the above described northerly line to an intersection with the southerly line of Liberty avenue as relocated.

(d) The City agrees to locate, open and improve a new street to be known as Liberty avenue between Penn avenue as widened and Liberty avenue.

The northerly line of said new street is described as beginning in the present southerly line of Penn avenue at a point two hundred sixty-seven (267) feet east of the easterly line of Seventeenth street; thence in an easterly direction to a point in the present northerly line of Liberty avenue, said point being forty-five (45) feet west of the westerly line of Twenty-first street.

The southerly line of said new street is described as being parallel with and fifty-four (54) feet south of the northerly line as above described and extending from the southerly line of Penn avenue as widened to the present southerly line of Liberty avenue.

(e) The City agrees to open and improve a new street to be known as Nineteenth street, extending from Penn avenue to Liberty avenue as relocated.

The easterly line is described as beginning at a point of curve on the southerly line of Penn avenue distant two hundred twenty-one and fifty-five hundredths (221.55) feet westwardly along the southerly line of Penn avenue from the easterly line of Twentieth street; thence extending southwardly by the arc of a circle deflecting to the left with a radius of 41.94 feet and a central angle of $163^{\circ} 7' 20''$ for a distance of one hundred nineteen and forty hundredths (119.40) feet to a point of tangent on the northerly line of Liberty avenue as relocated.

The westerly line is described as being parallel to and at a radial distance of thirty-five (35) feet west of the above described easterly line and shall extend from the southerly line of Penn avenue to the northerly line of Liberty avenue as relocated.

(f) The City agrees to widen and improve Twentieth street to a width of sixty (60) feet between Penn avenue and Liberty avenue as relocated.

The easterly line of Twentieth street as widened is described as coinciding with the present easterly lines of Twentieth street.

The westerly line of Twentieth street as widened is described as beginning at a point in the southerly line of Penn avenue distant forty-nine and sixty-four (49.64) hundredths feet west of the present westerly line of Twentieth street; thence southwardly by the arc of a circle deflecting to the right with a radius of thirty (30) feet with a central angle of $89^{\circ} 23' 40''$ a distance of 46.81 feet to a point of tangent; thence parallel with and sixty (60) feet west of the easterly line of Twentieth street a distance of sixty-four and sixty-three hundredths (64.63) feet southwardly to a point of curve; thence westwardly by the arc of a circle deflecting to the right with a radius of thirty (30) feet and a central angle of $107^{\circ} 29' 00''$ a distance of fifty-six and twenty-eight hundredths (56.28) feet to a point of tangent in the northerly line of Liberty avenue as relocated, said point being sixty-one and eighty-two (61.82) hundredths feet measured along the northerly line of Liberty avenue as relocated from the present westerly line of Twentieth street.

(g) The City agrees to vacate:

(1) Spring way from the easterly line of Grant street as extended eastwardly to the westerly line of Twentieth street as widened, and excepting that portion lying within the lines of Liberty avenue as relocated.

(2) Liberty avenue from the easterly line of Grant street as extended eastwardly to the southerly line of Liberty avenue as relocated.

(3) Those parts of the following streets and ways which lie between the northerly line of Liberty avenue as at present located and the southerly line of Penn avenue as widened:—Slocum way, Twelfth street, Thirteenth street, Fourteenth street, Fifteenth street, Sixteenth street, Seventeenth street and also Twentieth street between the present northerly line of Liberty avenue and the southerly line of Liberty avenue as relocated.

(4) A strip of land of variable width lying along the easterly line of Grant street and extending from Liberty avenue thirty-three and fourteen hundredths (33.14) feet southwardly therefrom, required for the opening of Grant street, provided in said Agreement of March 25, 1925.

(5) That portion of Eleventh street of variable width lying north of Penn avenue

between the present westerly line of Eleventh street now existing and the westerly line of Eleventh street as relocated.

(h) The City agrees to convey or cause to be conveyed to the Company all that part of the lot east of Fourteenth street and lying south of the southerly line of Penn avenue as widened, now owned by the City and occupied by Engine House No. 15.

(i) The City covenants to remove or cause to be removed from the streets, avenues, ways and other highways as aforesaid to be vacated by the City, all sewers, water lines, gas lines, conduits, telephone lines, electric lines and/or power lines, pipes, wires, cables and other facilities of every description, of the City and of any public service corporation owning, operating and/or maintaining the same or any of them, provided that the Company shall indemnify and save harmless the City from any costs and/or damages that may be adjudicated against the City because of the compulsory removal of the utilities above mentioned, and/or any damages that may be awarded against the City by reason of the vacation of any of the streets as provided in this Agreement.

FOURTH: The City agrees to grade, pave and curb Eleventh street as relocated, Grant street as extended, Penn avenue as widened, Twentieth street as widened, and the proposed relocated Liberty avenue between Penn avenue and Liberty avenue, and the said proposed new Nineteenth street between Penn avenue and said relocated Liberty avenue, and will do and perform all work, including the relocating of City-owned utilities in connection therewith, and the Company shall pay to the City Two Hundred Eighty-three Thousand Four Hundred Eleven (\$283,411.00) Dollars as its contribution toward the cost of said work as herein provided.

FIFTH: The City agrees to pay to the Company the sum of Five Hundred Thirty-five Thousand (\$535,000.00) Dollars for property of the Company taken in the relocation of Eleventh street and the relocation of Grant street as extended, as provided in paragraphs (a) and (b) of section First of this Agreement, at the time of the enactment of the necessary legislation providing for the relocation of said streets, in full compensation and satisfaction for the property taken from said Company. Such legislation upon the part of the City shall be enacted not later than May 1, 1931.

SIXTH: The City agrees to permit the

Company to relocate its tracks and structures supporting the same from the Company's passenger terminal to its bridge over the Allegheny River, and to cross Eleventh street as relocated, Penn avenue and Grant street as extended, with its two tracks relocated and with additional tracks, and to construct piers and columns for bridge bents, and other columns necessary, as located and shown on Plan No. 2338 on file in the Department of Public Works, Bureau of Engineering, Division of Surveys; also the Company shall have the right to extend all necessary subsurface footings within the lines of said streets and avenues under the same conditions as are given in the contract between the City and the Company, dated March 25, 1925.

It is understood and agreed that all plans for supports and foundations of structures or bridges to be erected in or on City streets shall be satisfactory to and approved by the Director of the Department of Public Works of the City of Pittsburgh.

SEVENTH: The Company agrees to waive all damages to its property resulting from or occurring out of the changes or work herein provided to be done by the City, and the City agrees that it will not make or levy any assessments or benefits other than the amount agreed to be paid by the Company, as hereinbefore provided, to-wit, the sum of \$283,411.00, against any property of the Company or any property controlled by leases or otherwise by the company, or any property in possession of or used by the Company for any of the improvements or work herein mentioned to be provided or performed by the City.

EIGHTH: Except as specifically herein otherwise provided, it is understood and agreed that the parties hereto shall bear the cost and expense of carrying out their respective covenants.

NINTH: It is further agreed between the parties hereto that the work herein provided to be done shall commence within one year from the approval of this Agreement by the Public Service Commission, and that such work, unless hindered by strikes, injunctions or other causes beyond the control of the parties hereto, shall be entirely completed within five (5) years from the date hereof.

TENTH: It is further provided that the Company shall within thirty (30) days after submission to it by the City of the cost paid for changing the utilities, such as water lines, sewers and other utilities as are

operated and owned by the City, pay to the City the cost of the change thereof, and the amount remaining, if any, of the \$283,411.00 after the deduction of said cost shall be paid within ten (10) days after the first contracts are awarded for the grading, regrading, paving, repaving, curbing and/or recurring of said streets.

ELEVENTH: It is expressly understood and agreed that the amount fixed, namely \$283,411.00, shall be the amount to be paid by the Company to the City for the actual work done as set forth in the Fourth and Tenth paragraphs of this Agreement, but said sums shall not be available as a set-off or counterclaim against any amount for which the Company agrees to save the City harmless, except as to City-owned utilities, as provided in paragraph Third, subdivision (i) of this Agreement.

TWELFTH: That all the terms and conditions of the aforesaid contracts dated March 25, 1925, and November 3, 1928, respectively, shall remain in full force and effect, except as the same may be superseded, modified or changed by the terms of this contract, which is supplemental to said contracts of March 25, 1925, and November 3, 1928.

No. 321

AN ORDINANCE—Fixing and refixing the width and position of the sidewalk, road-

way, stairway and walkway on Horace street, from the Liberty Bridge Approach to the Boulevard of the Allies, providing for walls, sloping and parking and establishing and re-establishing the grade thereof.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That the width and position of the sidewalk, roadway, stairway and walkway and the grade of the easterly curb line, stairway and walkway be and the same are hereby fixed and re-fixed, established and re-established as follows, to-wit:

The following described easterly curb line shall be used as a reference line in the description of the sidewalk, roadway and grade.

Beginning on the westerly 8.0 foot curb line of the Liberty Bridge Approach at a point of curve 0.21 feet southwardly along the said westerly curb line of the Liberty Bridge Approach from a point perpendicularly opposite the point of curve in the easterly line of Horace street as widened by Ordinance No. 785 approved December 13, 1929, said point of curve to be known as Station 0 + 00; thence extending northwardly and westwardly by the arc of a circle deflecting to the left with a radius of 40.0 feet and a central angle of 134° 37' 00" to a point of tangent at Station 0 + 93.98; thence southwardly by the tangent, parallel to and at a perpendicular distance of 7.5 feet west of the easterly street line, to a point of curve at Station 3 + 44.93; thence continuing southwardly, parallel to the easterly street line, by the arc of a circle deflecting to the left with a radius of 87.50 feet and a central angle of 24° 48' 35" to a point of tangent at Station 3 + 82.82; thence continuing southwardly by the tangent, parallel to the easterly street line, to a point of curve at Station 4 + 61.60; thence southwardly and eastwardly by the arc of a circle deflecting to the left with a radius of 75.0 feet and a central angle of 93° 48' 55" to a point of tangent on the northerly 2.5 foot curb line of the Boulevard of the Allies at Station 5 + 84.40, said point of curve being 102.72 feet eastwardly along the northerly curb line of the Boulevard of the Allies from the intersection of the westerly line of Horace street and the northerly curb line of the Boulevard of the Allies.

The easterly sidewalk, from Station 0 + 00 to Station 0 + 93.98 on the above described

easterly curb line shall have a variable width, ranging from 6.0 feet at the former to 5.12 feet at the latter mentioned Station and shall lie along the easterly side of and contiguous to the above described easterly curb line; thence to Station 3 + 82.82 on the same shall have a uniform width of 5.12 feet and shall lie along the easterly side of and contiguous to the above described easterly curb line; thence to Station 4 + 51.65 on the same shall have a uniform width of 7.12 feet and shall lie along the easterly side of and contiguous to the above described easterly curb line.

The roadway from the Liberty Bridge Approach to Station 0 + 93.98 on the above described easterly curb line shall have a variable width, ranging from about 30.0 feet at the former to 20.0 feet at the latter mentioned point and shall lie along the westerly side of and contiguous to the above described easterly curb line; thence to Station 4 + 61.60 on the same shall have a uniform width of 20.0 feet and shall lie along the westerly side of and contiguous to the above described easterly curb line; thence to the Boulevard of the Allies shall have a variable width and occupy the portion of the street lying between the above described easterly curb line and the westerly curb line, the westerly curb line being parallel to and at a perpendicular distance of 2.5 feet east of the westerly street line.

The stairway shall extend from the southerly terminus of the above described easterly sidewalk at Station 4 + 51.65 on the above described easterly curb line to the hereinafter described walkway at a point 20.0 feet southwardly therefrom and shall have a uniform width of 4.0 feet, the center line of which shall be parallel to and at a perpendicular distance of 27.0 feet east of the westerly street line.

The walkway shall extend from the southerly terminus of the above described stairway to the Boulevard of the Allies and shall have a uniform width of 4.0 feet, the center line of which shall be parallel to and at a perpendicular distance of 27.0 feet east of the westerly street line.

The remaining portions of the street not included within the lines of the sidewalk, roadway, stairway and walkway as above described shall be used for walls, sloping and parking.

Section 2. The grade of the easterly curb line shall begin at the point of horizontal

curve on the westerly curb line of the Liberty Bridge Approach at Station 0 + 00 at an elevation of 80.34 feet (curb as set); thence by a convex parabolic curve for a distance of 16.98 feet to a point of reverse curve to an elevation of 80.0 feet; thence by a concave parabolic curve for the distance of 51.0 feet to a point of reverse curve to an elevation of 80.64 feet; thence by a convex parabolic curve for the distance of 52.0 feet to a point of tangent to an elevation of 83.22 feet; thence rising at the rate of 3.8% for a distance of 224.95 feet to the point of horizontal curve at Station 3 + 44.93 to an elevation of 91.77 feet; thence rising at the rate of 4.12% for a distance of 37.89 feet to the point of horizontal tangent at Station 3 + 82.82 to an elevation of 93.33 feet; thence rising at the rate of 3.80% for a distance of 78.78 feet to the point of horizontal curve at Station 4 + 61.60 to an elevation of 96.33 feet; thence rising at the rate of 3.79% for a distance of 122.80 feet to the point of horizontal tangent at the northerly curb line of the Boulevard of the Allies at Station 5 + 84.40 to an elevation of 100.99 feet (curb as set).

The grade of the stairway shall begin at the southerly terminus of the easterly sidewalk as above described at Station 4 + 51.65 at an elevation of 96.03 feet; thence descending for a distance of 20.0 feet to the above described walkway to an elevation of 80.36 feet; thence the walkway shall rise at the rate of 1.74% for a distance of 67.14 feet to the northerly line of the Boulevard of the Allies to an elevation of 81.53 feet, the elevation of the walkway at the latter mentioned point being 16.7 feet below the grade of the Boulevard of the Allies.

Section 3. That any Ordinance or part of Ordinance, conflicting with the provisions of this Ordinance be and the same is hereby repealed, so far as the same affects this Ordinance.

No. 322

AN ORDINANCE—Opening Hampton street in the 11th Ward of the City of Pittsburgh, from Farragut street to Sheridan

street, re-establishing the grade thereof and providing that the costs, damages and expenses occasioned thereby be assessed against and collected from properties benefited thereby.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That Hampton street in the 11th Ward of the City of Pittsburgh, from Farragut street to Sheridan street be and the same is hereby opened to a uniform width of 50.0 feet in conformity with the street (formerly Stewart street) as laid out in the East Liberty Plan of Streets approved by Council August 27, 1870.

Section 2. The grade of the southerly curb line shall be and the same is hereby re-established as follows, to-wit:

Beginning at the easterly curb line of Farragut street at an elevation of 311.33 feet (curb as set); thence rising at the rate of 5.0% for a distance of 13.23 feet to a point of curve to an elevation of 311.99 feet; thence by a concave parabolic curve for a distance of 20.0 feet to a point of tangent to an elevation of 313.63 feet; thence rising at the rate of 11.40% for a distance of 237.53 feet to a point of curve to an elevation of 340.71 feet; thence by a convex parabolic curve for a distance of 20.0 feet to the westerly curb line of Sheridan street to an elevation of 342.05 feet (curb as set).

Section 3. The Department of Public Works is hereby authorized and directed to cause said Hampton street in the 11th Ward of the City of Pittsburgh, from Farragut street to Sheridan street to be opened in conformity with the provisions of Section 1 of this Ordinance.

Section 4. The costs, damages and expenses occasioned thereby and the benefits to pay the same shall be assessed against and collected from properties benefited thereby in accordance with the provisions of the Acts of Assembly of the Commonwealth of Pennsylvania relating thereto and regulating the same.

Section 5. That any Ordinance or part of Ordinance, conflicting with the provisions of this Ordinance be and the same is hereby repealed, so far as the same affects this Ordinance.

AND

the County of Allegheny, a municipal corporation of the Commonwealth of Pennsylvania, hereinafter called the "County", by Joseph G. Armstrong, E. V. Babcock, and C. C. McGovern, County Commissioners, party of the second part.

WHEREAS, The County Commissioners of Allegheny County have, by action of their Board, signified their intent to aid in the improvement of Interboro avenue, (West Run road) in the City of Pittsburgh; and,

WHEREAS, Interboro avenue (West Run road) in the City of Pittsburgh, beginning at the northerly curb line of Brierly avenue, and extending in a southerly direction therefrom a distance of approximately 2,850 feet to the northerly property line of Mifflin road (Pittsburgh and McKeesport boulevard) is a short connection through the East End of the City of Pittsburgh through Homestead and West Homestead to the new municipal airport and the County Highway system in the southern part of the county; and,

WHEREAS, said Interboro avenue (West Run road) is in such condition as to be unfit and unsafe for public travel; and,

WHEREAS, The County Commissioners of Allegheny County deem it desirable and necessary to improve Interboro avenue (West

Run road) in said City, between the points herein mentioned and are of the opinion that the County should bear a portion of the cost, and the corporate authorities of the City of Pittsburgh believe that it will be greatly to the interest and advantage of said City if said improvement to said street is made and the cost and expense thereof paid jointly by the said City and County, as hereinafter specified; now, therefore, this Agreement

WITNESSETH, That for the consideration hereinafter mentioned, the parties hereto do covenant and agree, to and with each other as follows:

FIRST: The parties hereto agree that Interboro avenue (West Run road) between the points herein mentioned shall be improved to a paving width of twenty-seven (27) feet between curbs where single track street railway exists and thirty-six (36) feet between curbs at a proposed passing siding, and the parties agree that the cost thereof shall be jointly paid for by the parties to this agreement, between the following terminal points:

Beginning at the northerly curb line of Brierly avenue, and extending in a southerly direction therefrom a distance of approximately 2,800 feet to the northerly property line of Mifflin road (Pittsburgh and McKeesport boulevard) in said City of Pittsburgh.

SECOND: Said Interboro avenue (West Run road) shall between the terminal points aforesaid, be improved to the lines and grades to be established by the City of Pittsburgh, in conformity with the plans prepared by the Department of Public Works of the County of Allegheny and approved by the Commissioners of said Allegheny County, and the Director of the Department of Public Works of the City of Pittsburgh.

THIRD: The work under this agreement inclusive of the portion of street between the rails and tracks of the street railways company and 15 inches outside the outside edge of the rails, shall be done by contract or contracts awarded therefor by the County of Allegheny after same has been submitted to and approved by the Mayor and the Director of the Department of Public Works of the City of Pittsburgh, pursuant to the Acts of Assembly relating to the same.

The County shall have charge of the work and shall finance same, subject to payments to be made by the City of Pittsburgh for cost of paving, in the railways area as hereinafter provided. The City may at its own

cost and expense furnish whatever engineering and inspectional work it so desires. Any complaint which the City may have as to the manner of constructing, or the method, or materials used, shall be made in writing to the Director of the Department of Public Works of the County within three days, otherwise all work and materials shall be considered by the County as being done and furnished, placed or erected, satisfactory to the City.

FOURTH: The City agrees to have the street railways tracks properly replaced to conform to the center lines and grades of the roadway as established by ordinance. The City further agrees to pay for the cost of all paving, including rail plaster, concrete paving base and pavement surfacing, necessary for a complete and finished roadway over and around the tracks of the street railways company, and upon the same for the entire area of the track, including a distance of 15 inches outside the outside edge of rails.

The County is to have no responsibility, or incur any cost by reason of the paving of the street railway area and the 15-inch strip on either side thereof.

Within 10 days after approval by the Director of the Department of Public Works of the City of all items of work involved in the paving of the railways area included in monthly estimates submitted by the Director of the Department of Public Works of the County, the City agrees to make payment to the Treasurer of the County in the sum of 90% of the cost of the said items of work involved in the paving of the railways area. The City agrees to make payment for the remainder of the full contract price for the items of work involved in paving the railways area to the Treasurer of the County within 30 days after approval by the Director of the Department of Public Works of the City of all items of work involved in paving the railways area as above described that is included in the final estimate submitted by the Director of the Department of Public Works of the County.

FIFTH: The City agrees to assume and become liable for all damages to abutting property occasioned by said improvement, by reason of the opening, widening, change of grade or improvement of Interboro avenue (West Run road) between the terminal points herein mentioned, and further agrees to assume and become liable for all damages to property, including the surface and sub-

surface structures within the line of the improvement, and it is further expressly understood that the County shall not be liable for the payment of any of the aforesaid costs, except such costs or damages as may be caused by the negligence of the said County or its contractor or contractors.

SIXTH: The City agrees to give all notices necessary to fully advise all parties concerned of the proposed improvement, and to require all service companies and private parties to make the necessary repairs and connections before the County proceeds with the improvement of the roadway.

SEVENTH: It is understood and agreed that upon the completion and acceptance of the work by the Director of the Department of Public Works of Allegheny County and the Director of the Department of Public Works of the City of Pittsburgh, the City shall consider the said Interboro avenue (West Run road) as a part of its system of improved highways, and shall maintain the same in good repair between the points herein mentioned, and the County shall forever be relieved of any responsibility for the maintenance or repair thereof.

EIGHTH: The City agrees to enact any ordinances which may be necessary to locate, relocate, open or widen, establish or re-establish the grade and curb lines of said Interboro avenue (West Run road) and to condemn or otherwise secure all private property necessary for this purpose.

NINTH: In case the City installs either water or sewer lines on this highway after the signing of this agreement, the City agrees to backfill the trench or trenches in a workmanlike manner and place any concrete over the same that may be required to reinforce the sub-grade to permit the paving of the street. Where public service corporations or individuals open such trench, the City shall require said corporations or individuals to backfill the trenches in a workmanlike manner and provide any concrete necessary to reinforce the sub-grade to permit the paving of the street; or the City may require said corporation or individuals to pay for said work which shall be done by the City of Pittsburgh forces. The City agrees to relieve the County of the responsibility for the failure of any part of the paving of the roadway or any structures occasioned by the subsidence of any trenches opened by the City, public service corporations or individuals, whether said trenches are opened be-

fore or after the paving of this highway by a contract or contracts let by Allegheny County. Any work done on sewers, drains or public service lines, shall be done in such a manner as to cause as little interference as possible to the County's contractor.

IN WITNESS WHEREOF, The parties to this agreement, each, pursuant to proper ordinances and resolutions authorizing the same, hereto affixed their respective seals, duly attested by their proper officers, the day and year first above written.

No. 339

AN ORDINANCE—Authorizing the execution and delivery of a contract with the Pittsburgh Railways Company providing for the reconstruction of a portion of a certain viaduct of the Pittsburgh Railways Company

across Library road, and the payment of the costs thereof.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same, That the Mayor and the Director of the Department of Public Works of the City of Pittsburgh, be and they are hereby authorized and directed to make, execute and deliver in the name of and for the City of Pittsburgh the following contract with the Pittsburgh Railways Company and affix thereto the corporate seal of the City of Pittsburgh.*

AGREEMENT

Made and entered into this day of, A. D., 1930, by and between the Pittsburgh Railways Company, a corporation organized and existing under the laws of the Commonwealth of Pennsylvania, hereinafter called the "Railways Company", party of the first part, and the City of Pittsburgh, a municipal corporation of the Commonwealth of Pennsylvania, in the County of Allegheny, hereinafter called the "City", party of the second part.

WITNESSETH

WHEREAS, The City has by Ordinance No. 349, approved May 16th, 1929, widened Library road from Warrington avenue west to the westerly line of Warburton street and the line of the park property of the City of Pittsburgh to a general width of 70 feet; and

WHEREAS, The said Library road passes beneath a certain street railway viaduct owned and maintained by the Railways Company, as lessee of the Mt. Washington Street Railway Company, and the widened portion includes land upon which is located supports of said viaduct; and

WHEREAS, The Railways Company will be required at a future date to so alter or reconstruct said viaduct as to permit unobstructed use of the widened Library road and to make certain immediate expenditures to properly protect the viaduct from the physical work proposed by the City at this time.

NOW, THEREFORE, in consideration of the covenants and conditions hereinafter set forth and described, it is mutually covenanted and agreed as follows:

FIRST. After the execution of this agreement by the parties hereto and the approval thereof by the Public Service Commission of

the Commonwealth of Pennsylvania and after the completion of the physical work contemplated at the present time by the City, the City shall pay to the Railways Company the sum of Six Hundred. (\$600.00) Dollars as the estimated cost of encasing the steel work of the present supports of the viaduct at this place in order to properly protect the same.

SECOND. Should the Railways Company reconstruct said viaduct, or the portion thereof over Library road, prior to the City requiring the full 70 feet for highway purposes, the Railways Company agrees to so reconstruct said viaduct as to remove all supports or obstructions from the full 70 feet width of road.

THIRD. Should the City require the full 70 feet width of roadway prior to the reconstruction of said viaduct, or the portion thereof over Library road, by the Railways Company, the Railways Company agrees to reconstruct or alter that portion over Library road in such a manner as to remove all supports or obstructions from the full 70 feet width of roadway in accord with Plan No. 2112-B of the Railways Company and identified by the signatures of the Superintendent of Ways and Structures of the Railways Company and of the Mayor as Acting Director of the Department of Public Works of the City and filed in the Bureau of Bridges and Structures of the City, and the City agrees to pay the Railways Company the sum of Eighteen Thousand Five Hundred (\$18,500.00) Dollars upon completion of such reconstruction or alteration by the Railways Company.

FOURTH. The Railways Company agrees that the said reconstruction or alteration, whether made on its own initiative or required by the City, shall be in accord with detail plans and specifications prepared by the Railways Company and approved by the Director of the Department of Public Works of the City, and the City agrees that the Railways Company shall have the same rights of operation and maintenance of reconstructed or altered structure in that location as now pertains in regard to the present structure.

FIFTH. The Railways Company agrees to assume all risk and liability for damages to persons and property in connection with said reconstruction or alteration of the Railways Company's viaduct, including costs incidental to delays or interference with the traffic of the Railways Company, and the Railways Company agrees to indemnify and save the

City harmless from and against all costs and expenses of every kind and description arising either directly or indirectly from the work to be performed by the Railways Company as provided for herein.

SIXTH. It is agreed by both parties hereto that this agreement shall not affect or prevent the Railways Company from obtaining damages from the City by reason of land acquired from the Railways Company in the said widening of Library road.

SEVENTH. All the rights and obligations hereunder shall inure to the benefit of the parties hereto and their respective successors and assigns.

This agreement is executed on the part of the railways Company pursuant to a Resolution of its Board of Directors, and on behalf of the City pursuant to Ordinance of Council approved.

IN WITNESS WHEREOF, The parties have caused this agreement to be duly executed the day and year first above mentioned.

No. 360

AN ORDINANCE—Granting to the Duquesne Light Company, its successors, lessees and assigns, the right to construct, maintain and use a transformer vault be-

neath the sidewalk on Ross street at Fourth avenue; the transformer vault being beneath the sidewalk abutting on City property.

Section 1. Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same, That the Mayor of the City of Pittsburgh and the Director of the Department of Public Works of the City of Pittsburgh, be and they are hereby authorized and directed to make, execute and deliver, in the name of the City of Pittsburgh and for the City of Pittsburgh, the following contract with the Duquesne Light Company, and affix thereto the corporate seal of the said City.

THIS AGREEMENT

Made this day of, A. D., 1930, by and between City of Pittsburgh, a municipal corporation organized and existing under the laws of the Commonwealth of Pennsylvania, hereinafter called "Licensor", party of the first part,

AND

Duquesne Light Company, a corporation organized and existing under the laws of the said Commonwealth, having its principal office at No. 435 Sixth avenue in the City of Pittsburgh, County of Allegheny, Commonwealth aforesaid, hereinafter called "Licensee", party of the second part.

WITNESSETH

WHEREAS, the Licensor is willing to grant to the Licensee license and permission to construct a vault under the sidewalk adjoining the property of the Licensor situate at the northwest corner of Ross street and Fourth avenue in the First Ward, City of Pittsburgh, County of Allegheny, in said Commonwealth; and

WHEREAS, The Licensee desires to occupy said vault for the purpose of installing, maintaining and operating therein certain transformers and appurtenances to be used in connection with its distribution system.

NOW, THEREFORE, THIS AGREEMENT WITNESSETH:

That the Licensor for and in consideration of the sum of One (\$1.00) Dollar to it in hand paid by the Licensee, receipt of which is hereby acknowledged, hereby grants unto the Licensee license and permission to construct a vault under the sidewalk adjoining its property, situate at the northwest corner of Ross street and Fourth avenue, in the First Ward of the City of Pittsburgh, County

of Allegheny and Commonwealth of Pennsylvania, substantially in the location shown on blueprint "Engineering Sketch No. 3019" of the Duquesne Light Company, attached hereto and made a part hereof, subject to the following terms and conditions which the Licensee hereby agrees to keep and perform;

FIRST: This License and permission is given by the Licensor and taken and held by the Licensee, subject to the conditions of a permit to be issued by the Director of Public Works, City of Pittsburgh.

SECOND. The Licensee hereby assumes any and all liability which may or might devolve upon the Licensor by reason of the acceptance of the said permit from the City of Pittsburgh.

THIRD. The Licensee agrees to construct the vault substantially in the location as shown on blueprint "Engineering Sketch No. 3019" and in compliance with the regulations of the City of Pittsburgh covering such installations and in strict accordance with the rules of the Board of Fire Underwriters.

FOURTH. The said Licensee shall bear the full cost and expense of the repaving and repair of sidewalks and street pavement damaged, repair of sewers, water lines and other surface and subsurface structures, which may be in any way damaged or disturbed by reason of the maintenance and use of the said sidewalks and street. All of the said work shall be done in the manner and at such times as the Director may order, and shall be subject to his approval and supervision.

FIFTH. It is understood and agreed by and between the parties hereto that in event the Licensee should desire to vacate the said vault or the City of Pittsburgh should order such vacation, all property of every kind or character installed therein may be removed by the Licensee except the structure of the vault itself, which when vacated, will become and shall remain the property of the Licensor.

SIXTH. It is further understood and agreed by and between the parties hereto that in the permit that may be granted by the Director of Public Works for the said transformer vault the City of Pittsburgh shall reserve the power to cancel said permit at any time on six months' notice, and that in event such notice should be given it by the City, the Licensee agrees to vacate the said transformer vault as required in said notice within the period covered therein.

SEVENTH. This agreement is entered into

by the City of Pittsburgh, pursuant to an ordinance of said City duly enacted at a meeting of its Council held on the day of, 1930, and approved by its Mayor on the day of, 1930, which ordinance is in force and effect.

EIGHTH. It is understood and agreed that this agreement is subject to the approval of the Public Service Commission of the Commonwealth of Pennsylvania, and in the event that the Commission should refuse to approve this agreement, the same shall become void and of no effect.

NINTH. This agreement shall be binding upon and inure to the benefit of all the parties hereto, their respective successors, lessees and assigns.

IN WITNESS WHEREOF, The City of Pittsburgh has caused its corporate seal to be hereunto affixed, and this agreement to be signed by the Mayor, attested by his Secretary, and the Director of the Department of Public Works, they having been thereto duly authorized by Ordinance hereinbefore referred to, and the Duquesne Light Company has caused its corporate seal to be hereunto affixed, attested by its Secretary or an Assistant Secretary, this Agreement having been signed by its Vice President, he having been duly authorized thereto.

No. 351

AN ORDINANCE—Amending Ordinance No.

32, entitled, "An Ordinance authorizing the Mayor and the Director of the Department of Public Works to execute an agreement with the Secretary of Highways, acting for and on behalf of the Commonwealth of Pennsylvania, in connection with the improvement of State Highways Route 330, a portion of which is located within the City of Pittsburgh, formerly Overbrook Borough" approved Feb. 26, 1930, by appropriating and setting aside the sum of \$27,473.96 from Code Account No. 1560; General Repaving, Bureau of Engineering, for the payment of the City's share thereof, in place of a similar sum appropriated from the funds allocated to the City by the Department of Highways.

WHEREAS, an Agreement was entered into March 3, 1930, by proper officers of the City, and the State Highway Department by virtue of aforesaid Ordinance No. 32, Series 1930, which provides that the sum of \$27,473.96 is set aside from the City allocation from the appropriation of State Aid Funds for the purpose of constructing and reconstructing Stewart avenue, Fairhaven road and Library road within the City limits, and

WHEREAS, the State Attorney General has ruled that said funds cannot be legally used on this particular improvement for the payment of the City's share of said improvement, whereupon it becomes necessary that funds to pay the City's share of the cost of this improvement be provided from other Code Accounts, Now, Therefore,

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same, That the Agreement set forth in Section 1 of Ordinance No. 32, entitled, "An Ordinance authorizing the Mayor and the Director of the Department of Public Works to execute an agreement with the Secretary of Highways, acting for and on behalf of the Commonwealth of Pennsylvania, in connection with the improvement of State Highway Route No. 330, a portion of which is located within the City of Pittsburgh, formerly Overbrook Borough" approved Feb. 26, 1930, which reads as follows:*

"That the City of Pittsburgh hereby authorizes and directs the Secretary of Highways, out of the moneys allocated to the City of Pittsburgh for street improvement purposes in connection with State Highways, to pay to the said S. J. Groves & Sons Co., contractor, the cost of said work that had been agreed to be paid by Overbrook Borough, said payments to be made upon certificates of approval of the work by the Secretary of Highways and in accordance with the terms of the aforementioned contract.

"Said highways when completed and accepted by the State and the Department of Public Works of the City of Pittsburgh shall be maintained to its full width by the City of Pittsburgh as any other City street."

shall be and the same is hereby amended to read as follows:

"That the City of Pittsburgh hereby agrees to pay to the said S. J. Groves & Sons Company, contractor, the cost of said work that has been agreed to be paid by Overbrook Borough, said payments to be made in the following manner:

Within 10 days after approval by the Director of the Department of Public Works of the City of items of work involved in the City's share of this improvement that are included in monthly estimates, or in the final estimate, submitted by the Secretary of Highways, State of Pennsylvania, the City agrees to draw warrants in favor of S. J. Groves & Sons Company, contractor, less 10% of the amount involved in current monthly estimates, the remainder of the full contract price to be paid on the final estimate.

"Said highways when completed and accepted by the State and the Department of

Public Works of the City of Pittsburgh, shall be maintained to its full width by the City of Pittsburgh, the same as any other City street."

Section 2. For the payment of the City's share of the cost of said improvement the sum of \$27,473.96, or so much thereof as may be necessary, shall be and the same is hereby set apart and appropriated from Code Account No. 1560, General Repaving, Bureau of Engineering, and the Mayor and the Controller are hereby authorized and directed respectively to issue and countersign warrants drawn on said funds for the payment of the cost of the City's share of said work.

Section 3. That any Ordinance or part of Ordinance, conflicting with the provisions of this Ordinance, be and the same is hereby repealed, so far as the same affects this Ordinance.

Passed July 3, 1930.

Pittsburgh, July 17th, 1930.

I do hereby certify that the foregoing Ordinance duly engrossed and certified, was delivered by me to the Mayor for his approval or disapproval, on July 5, 1930, and that the Mayor failed to approve or disapprove the same, or to return the same to Council within ten (10) days from said date, whereupon it became a law without his approval, under the provisions of the Act of Assembly in such case made and provided.

No. 362

AN ORDINANCE—Requiring all public service corporations, or other persons occupying Bellefield avenue from Fifth avenue to Forbes street, for furnishing electric light, heat or power to the public, or operating telegraph or telephone lines, to place their wires and cables underground, and removing all overhead structures thereon, and prescribing regulations therefor and reserving to the City of Pittsburgh certain rights in said underground system to be constructed under the provisions of this ordinance.

WHEREAS, it is deemed advisable for the general public interest and welfare that the poles, wires and cable now located on Belle-

field avenue from Fifth avenue to Forbes street should be removed and the wires and cable should be placed in conduits underground and,

WHEREAS, the City of Pittsburgh is about to widen Bellefield avenue from Fifth avenue to Forbes street, and as this is an advantageous time to provide for the placing of all wires, cables and other overhead structures on this highway, underground, now therefore,

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That all public service corporations and other corporations and persons having poles and overhead wires and cables erected and constructed on Bellefield avenue from Fifth avenue to Forbes street, be and they are hereby directed and required to promptly provide for the removal of the same and permission is hereby given to such companies or persons to commence within six (6) months after the passage of this ordinance, the construction of the necessary conduits and other underground structures necessary for the placing of the said wires and cables underground.

Section 2. That all public service corporations and other corporations or persons having overhead poles or wires on the aforesaid streets shall have the right to erect and maintain terminal poles or other devices within the limits of each block and overhead cables or wires may be distributed from such terminal poles or other devices to such places within such blocks as consumers may require, but no overhead cables or wires shall be constructed or maintained between the terminal pole or device in one block and any such terminal pole or device in another block.

Section 3. That all public service corporations or other corporations or persons having overhead poles or wires on any of the aforesaid streets shall, upon the removal of such poles and wires, repair in good order the sidewalk and paving of said streets under the direction and to the satisfaction of the Director of the Department of Public Works of the City of Pittsburgh.

Section 4. Where the City has any of its lines upon any poles required to be removed under this ordinance, the companies owning or maintaining said poles shall first remove their own lines and wires from such

poles and place the same underground and when that is done the City shall remove its lines and wires from said poles and place the same in the conduit, and thereupon the companies owning and maintaining the poles shall immediately remove the same and restore the highways to their original condition.

Section 5. All work which is required to be done under the provisions of this ordinance shall be done in accordance with the provisions of an ordinance of the City of Pittsburgh, approved May 22, 1895, and recorded in Ordinance Book, Vol. 10, page 292, entitled, "General Ordinance relating to the entry upon, use and occupation of highways of the City of Pittsburgh by corporations supplying electric light, heat and power to the public or operating telegraph or telephone lines and providing regulations pertaining thereto," the said City of Pittsburgh reserving to itself all rights conferred upon said City under the provisions of the said general ordinance.

Section 6. The entire system of every such company and all the devices, means, appliances and apparatus and every part thereof of such corporations, insofar as the same may affect, relate to or endanger the safety of the public or the police and fire apparatus lines of said City shall at all times be open to the inspection and be under the supervision and subject to the approval and control of the Director of the Department of Public Safety.

Section 7. Any violation of the provisions of this ordinance shall subject the person or persons so offending to a fine or penalty of not less than \$5.00 nor more than \$20.00.

Section 8. Everyday on which said person or persons shall fail to comply with the provisions of this ordinance shall constitute a separate offense and all such fines and penalties shall be recovered with cost to be collected as fines are now collected by law. Provided, however, that no person or persons shall be liable to fine under the provisions of this ordinance if interfered with in complying with the requirements of this ordinance by any Act of the City of Pittsburgh, whether failure to make or complete the improvements proposed on said streets or otherwise, and the Director of the Department of Public Works of the City of Pittsburgh is hereby authorized and directed to extend the time in which said overhead wires are to be placed underground as may

be necessary on account of delays in undertaking or completing the said improvements on said streets of the City of Pittsburgh.

Section 9. That any Ordinance or part of Ordinance, conflicting with the provisions of this Ordinance, be and the same is hereby repealed, so far as the same affects this Ordinance.

Passed July 3, 1930.

Pittsburgh, July 17th, 1930.

I do hereby certify that the foregoing Ordinance duly engrossed and certified, was delivered by me to the Mayor for his approval or disapproval, on July 5, 1930, and that the Mayor failed to approve or disapprove the same, or to return the same to Council within ten (10) days from said date, whereupon it became a law without his approval, under the provisions of the Act of Assembly in such case made and provided.

AN ORDINANCE—Authorizing the entering into of an Agreement with the Commissioners of Allegheny County for the establishment, operation and maintenance of a joint City and County Airdrome and Aviation Landing Field, situate in the County of Allegheny and State of Pennsylvania.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same, That* the Mayor and the Director of the Depart-

ment of Public Works, for and in behalf of the City of Pittsburgh, shall be and they are hereby authorized and directed to enter into an Agreement with the Commissioners of Allegheny County in substantially the following language:

THIS AGREEMENT,

Made and entered into this day of, 1930 by and between the City of Pittsburgh a municipal corporation of the Commonwealth of Pennsylvania by Charles H. Kline, Mayor and Edward G. Lang, Director of the Department of Public Works, party of the first part, and County of Allegheny, by Joseph G. Armstrong, E. V. Babcock and Charles C. McGovern, Commissioners, party of the second part,

WITNESSETH

WHEREAS, Pursuant to the Acts of May 21, 1923, P. L. 295 and 296, conferring upon cities and counties of the second class, respectively, the right to establish, operate and maintain jointly an Airdrome and Aviation Landing Field, the County of Allegheny has by condemnation acquired the site for a City and County Airdrome and Aviation Landing Field, situate on Lebanon Church road, Mifflin Township, in the County of Allegheny, and has had approved and filed in court its bond entitling it to take immediate possession of the several properties condemned, and on July 2, 1929, bids were received and opened by the County for the grading, draining and construction of the runways for said City and County Airdrome and Aviation Landing Field, but to complete the contract it will be necessary for the County of Allegheny to receive from the City of Pittsburgh the sum of \$501,000.00 for the purpose of joining with the County of Allegheny in the said establishment, operation and maintenance of the aforesaid field under and by virtue of the Acts of Assembly referred to; and,

WHEREAS, Since the acquisition by condemnation by the County of Allegheny of the site for said proposed City and County Airdrome and Aviation Landing Field, an Ordinance has been passed by Council and approved by the Mayor, authorizing and directing the increase of the indebtedness of the City of Pittsburgh in the sum of \$501,000.00 and providing for the issue and sale of bonds of said City in said amount to provide funds for the City's share of the cost of the improvement of a joint City and County Airdrome and Aviation Landing Field, situate

in the County of Allegheny, providing for the redemption of said bonds and the payment of interest thereon; and,

WHEREAS, Bonds in the sum of \$501,000.00 have been sold by the City of Pittsburgh and said amount is now available and ready for transfer to the County of Allegheny as the City's share of the cost of the said establishment, operation and maintenance of the City and County Airdrome and Aviation Landing Field on the site condemned and acquired by the County of Allegheny, situate on Lebanon Church road, Mifflin Township, in the County of Allegheny;

NOW, Therefore, in consideration of the mutual Covenants and Agreements herein contained, it is hereby agreed between the parties hereto as follows:

First. The city of Pittsburgh, party of the first part, upon the execution of this Agreement, hereby agrees to transfer and deliver to the County of Allegheny, party of the second part, the sum of \$501,000.00 as the City's share of the cost of the establishment, operation and maintenance of the City and County Airdrome and Aviation Landing Field, situate on Lebanon Church road, Mifflin Township, in the County of Allegheny.

Second. It is understood and agreed between the parties hereto that the said sum of \$501,000.00 to be transferred by said City of Pittsburgh to the County of Allegheny as the City's share of the establishment, operation and maintenance of said City and County Airdrome and Aviation Landing Field, shall be used solely for the establishment, operation and maintenance of said City and County Airdrome and Aviation Landing Field, and for no other purpose.

Third. It is further expressly understood and agreed between the parties hereto that if at any time it shall be deemed advisable for any purpose whatsoever by the corporate authorities of the County of Allegheny to transfer the establishment, operation and maintenance of said City and County Airdrome and Aviation Landing Field to any private individual, firm, corporation or interest, the approval and consent of the corporate authorities of the City of Pittsburgh shall first be obtained.

THIS AGREEMENT is executed by the City of Pittsburgh by virtue and in pursuance of Ordinance No., approved, 1930, and recorded in Ordinance Book, Vol., page, and by the County of

Allegheny by virtue and in pursuance of a Resolution passed at a meeting of the Commissioners of Allegheny County on the day of, 1930, said Resolution being recorded in Minute Book, Vol, page

IN WITNESS WHEREOF, The parties to this Agreement have caused the same to be duly executed the day and year first above written.

No. 410

AN ORDINANCE—Authorizing the Mayor and the Director of the Department of Public Works for and on behalf of the City of Pittsburgh to enter into a contract with the Baltimore and Ohio Railroad Company in Pennsylvania, a Pennsylvania corporation, and the Baltimore and Ohio Railroad Company, a Maryland corporation, (hereinafter referred to as the "Railroads") to enable the Railroads to construct, maintain and operate a rail-to-river terminal along the right bank of the Monongahela River at a point near Glenwood Bridge.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That the Mayor and the Director of the Department of Public Works be and they are hereby authorized to make, execute and deliver in the name and on behalf of the City of

Pittsburgh, a contract with the Baltimore and Ohio Railroad Company in Pennsylvania, a Pennsylvania corporation, and the Baltimore and Ohio Railroad Company, a Maryland corporation, (hereinafter referred to as the "Railroads"), in the language following, to-wit:

THIS AGREEMENT

Made this day of, 1930, by and between the City of Pittsburgh, a municipal corporation of the Commonwealth of Pennsylvania, (hereinafter referred to as the "City"), and the Baltimore and Ohio Railroad Company in Pennsylvania, a Pennsylvania corporation, and the Baltimore and Ohio Railroad Company, a Maryland corporation (hereinafter referred to as the "Railroads"),

WITNESSETH

The Railroads are the owners of the land in the Fifteenth Ward of the City of Pittsburgh, Pennsylvania, located on the right bank of the Monongahela River at a point near Glenwood Bridge and extending eastwardly, lying between stations 7581 and 7620, as more fully shown on Plan No. 13,101, dated August 29, 1930, and entitled "General Plan, Rail-River Facilities, Glenwood, Pa.," which is on file with the Director of Public Works of the City (hereinafter referred to as Exhibit "A"), subject to the right of way of a thirty-three (33) foot public highway known as Braddocks Field Plank Road (or Second avenue), title to which is vested in the City, which road has been in almost complete disuse for some years past and the approximate location of which is shown on Exhibit "A".

The Railroads desire to construct, maintain and operate a rail-to-river terminal on part of the aforementioned land belonging to them, but due to the uncertain location of Braddocks Field Plank Road (Second avenue) it is probable that railroad tracks, to be constructed as part of the said terminal, as well as other portions of the terminal, will encroach upon the said roadway of the City at certain points.

It is the mutual desire of the parties that the said rail-to-river terminal be constructed by the Railroads and that the rights of the City in Braddocks Field Plank Road (Second avenue) be recognized and the needs of the public for a highway at this point preserved.

Now, therefore, in consideration of the

foregoing and of the mutual covenants hereinafter contained, the parties hereto mutually covenant and agree, with intent to be legally bound, as follows:

1. The Railroads recognize and acknowledge the existence of a public highway thirty-three (33) feet in width, known as Braddocks Field Plank Road (Second avenue), between stations 7581 and 7620, which is located approximately as shown on Exhibit "A".

2. The City grants and conveys to the Baltimore and Ohio Railroad Company in Pennsylvania, for a period of twenty-five (25) years, an easement or right of way over Braddocks Field Plank Road (Second avenue) between stations 7581 and 7620, as shown on Exhibit "A", for the construction of two railroad tracks and such other parts of a rail-to-river terminal as may be located by the Railroads wholly or in part within the limits of said Braddocks Field Plank Road (Second avenue). The City also grants and conveys for a like period to the Railroads, or either of them, the right to maintain and operate said terminal, including the tracks. The Railroads will construct said rail-to-river terminal as shown on Exhibit "A".

3. The Railroads will construct, at their own expense, a new roadway between the aforementioned stations 7581 and 7618 between the proposed railroad tracks of the Railroads and the Monongahela River at the approximate location shown on the Exhibit "A". The Railroads will construct this new roadway at the elevation shown on Exhibit "A" above belt-conveying machinery of the proposed rail-to-river terminal, which will be located between the concrete bins or hoppers and the loading pier of said terminal. The Railroads, or either of them, may construct, operate and maintain the aforementioned belt-conveying machinery under the new roadway.

4. The Railroads will raise and/or relocate, at their own expense that portion of the water line of the City of Pittsburgh located under Braddocks Field Plank Road (Second avenue) at the points covered by the herein granted easement to the Railroads and the roadway to be constructed hereunder by the Railroads, to the extent that relocation or raising of the said lines is necessitated by the construction of said terminal and/or new roadway, all under the supervision of and in accordance with plans approved by the Director of the Department

of Public Works of said City. The Railroads will make such fills as are necessary in the construction of said terminal and roadway with granulated slag and will tamp the slag in layers at all points where it is necessary to obtain a firm foundation for the raised and/or relocated water lines. The raising and/or relocation of the water lines, and the filling and tamping as hereinbefore provided for, will be done in a manner approved by and under the supervision of the Director of the Department of Public Works of the City.

5. The Railroads will protect the City and save it harmless from any and all damage and claims of damage caused by the operation of said machinery under the new roadway or by the construction and operation of the railroad tracks or other portions of the new terminal within the limits of Brad-docks Field Plank Road (Second avenue).

6. This contract shall inure to the benefit of and be binding upon the successors, assigns and affiliated companies of the Railroads and shall be effective when signed by the proper officers of the City and Railroads.

IN WITNESS WHEREOF, The Railroads have caused their corporate seals to be hereunto affixed and this contract to be signed by the proper officers of the Railroads and this contract is signed and executed in the name of the City of Pittsburgh and for the City of Pittsburgh by its Mayor and its Director of the Department of Public Works, and the seal of the said City is by the Mayor hereto affixed, he having been duly authorized so to do by ordinance of Council of said City, all done the day and year aforesaid.

This agreement is entered into pursuant to Ordinance No. _____, approved the _____ day of _____, 1930, and in accordance with the proper authority of the proper officers of the Railroads.

No. 411

AN ORDINANCE—Authorizing and directing the Mayor and the Director of the Department of Public Works for and in behalf of the City of Pittsburgh, to enter into an agreement with the County of Allegheny relating to the improvement of the Ohio River boulevard in the City of Pittsburgh, from the western property line of Superior avenue, and extending in a southeasterly direction to a point on the present California avenue approximately 15 feet northwest of the northwest intersection of California avenue and Atmore street, including the locating, relocating, opening, widening, establishing and re-establishing the grade, and fixing the line of the said Ohio River boulevard, and providing for the payment of the City's share of the costs, damages and expenses thereof.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same.* That the Mayor and the Director of the Department of Public Works, for and in behalf of the City of Pittsburgh, shall be and they are

hereby authorized and directed to enter into an agreement with the County of Allegheny, relating to the improvement of the Ohio River boulevard, in the City of Pittsburgh, from the western property line of Superior avenue and extending in a southeasterly direction to a point on the present California avenue, approximately 15 feet northwest of the northwest intersection of California avenue and Atmore street, including the locating, relocating, opening, widening, establishing and re-establishing the grade and fixing the line of the said Ohio River boulevard, and providing for the payment of the City's share of the costs, damages and expenses thereof, said agreement to be in the following form:

AGREEMENT

Made this day of, A. D., 1930, between the County of Allegheny, a quasi-municipal corporation of Pennsylvania, hereinafter called "County", party of the first part, and the City of Pittsburgh, a municipal corporation of the State of Pennsylvania, within the limits of said County, hereinafter called the "City", party of the second part.

WHEREAS, The Ohio River boulevard in the City of Pittsburgh, beginning at the western property line of Superior avenue and extending in a southeasterly direction to a point on the present California avenue, approximately 15 feet northwest of the northwest intersection of California avenue and Atmore street, as located by ordinance of the City, is to be a principal thoroughfare and a part of the Ohio River boulevard on the northerly side of the Ohio River; and

WHEREAS, The County Commissioners of Allegheny County deem it advisable and necessary to improve said Ohio River boulevard in said City, between the points mentioned, and are of the opinion that the County should bear a portion of the cost, and the corporate authorities of the City believe it will be greatly to the interest and advantage of said City and a great saving of expense thereto, if said improvement of said boulevard within its corporate limits be made by the County, and the cost and expenses thereof be paid jointly by the City and County as hereinafter specified; Now, therefore, this Agreement

WITNESSETH, That for the considerations hereinafter mentioned, the parties hereto do covenant and agree, to and with each other as follows:

FIRST. The parties hereto agree that the Ohio River boulevard within the limits of said City, for a distance of approximately 1,610 feet, shall be improved between the following terminal points:

Beginning at the western property line of Superior avenue and the center line of the Ohio River boulevard 80 feet in width, and extending in a southeasterly direction to a point on the present California avenue approximately 15 feet northwest of the northwest intersection of California avenue and Atmore street. The consent of the City of Pittsburgh is hereby given to the County of Allegheny to carry out the provisions herein set forth.

SECOND. Said Ohio River boulevard between the terminal points shall be improved by the County to a width of sixty (60) feet between curbs and graded to a width of seventy-one (71) feet, exclusive of slopes, for that section where the present alignment of California avenue is retained, it being the intention not to disturb the sidewalk on the northerly side of the boulevard. On the section where the new alignment is proposed, the paving width shall be sixty (60) feet between curbs and the grading width eighty (80) feet exclusive of slopes. The work shall be done to lines and grades established by the City and in conformity with plans prepared by the Department of Public Works of Allegheny County and approved by the Commissioners of said County and the Director of the Department of Public Works of the City of Pittsburgh, to the limits shown on said plan, which plans are identified as Ohio River boulevard, Contract 4, Plan No. 1318, Sheets Nos. 1 to, and made a part hereof by reference thereto and filed in the offices of the Directors of the Department of Public Works of the City and County.

THIRD. The improvement of said Ohio River boulevard as set forth in the first and second paragraphs under this agreement, shall be done by contract or contracts, awarded therefor, by the County of Allegheny, after approval of plans by the Director of the Department of Public Works of the City of Pittsburgh, pursuant to Acts of Assembly relating to same. Said contract or contracts shall include the replacement of existing sidewalks where same are destroyed by reason of the relocation, widening or change of grade on existing City streets necessitated by this improvement. The County shall have charge of the work and the City

may, at its own cost and expense, furnish whatever engineering and inspection service it so desires. Any complaint which the City may have as to the manner of construction or the materials or methods used, shall be made in writing to the Director of the Department of Public Works of Allegheny County within three (3) days; otherwise all work and materials shall be considered by the County as being done and furnished, placed or erected, satisfactory to the City.

FOURTH. The City agrees at its own cost and expense, to construct all sanitary and combined sewers, including house or other connections required within the limits of this improvement, prior to or during the construction work to be done by the County under this agreement, exclusive, however, of the storm drains shown on the boulevard plans as approved. The City also agrees to require the construction of any water lines with the necessary house or other connections, fire hydrants, gate boxes, etc., within the limits of this improvement, at the cost or expense of the City, individuals or public utility companies, prior to or during the construction work to be done by the County under this agreement. All work on sanitary and combined sewers and water lines, shall be done by the City or utility company in such a manner that there shall be as little interference or delay as possible to the County's contractor on this work. The altering, resetting or reconstructing of existing catch basins or storm inlets within the limits of this improvement, shall be included in the construction work to be performed by the County under the terms of this agreement.

FIFTH. The City agrees to enact any ordinances which may be necessary to vacate, locate, relocate, open or widen, establish or re-establish the grade and curb lines of said Ohio River boulevard, as shown on the plans as approved, as well as any existing streets or ways affected by this improvement and to condemn or otherwise secure all private or public property necessary for this purpose.

SIXTH. The City agrees to assume and become liable for all damages occasioned by reason of this improvement by the vacation, opening, locating, relocating, widening, establishing or re-establishing of grades required for the aforesaid improvement of the Ohio River boulevard and the existing streets and ways affected, as shown on the plans as approved, between the terminal points hereinbefore mentioned. The City agrees that

it will assume and become liable for all damages to property, including surface and sub-surface structures, caused by said improvement of the Ohio River boulevard, including damages to persons or property occasioned from any obstruction on said roadway or part thereof, not due to the negligence of the said County or its contractor or contractors.

SEVENTH. The City further agrees to petition for Viewers to award damages to property affected by this improvement, and to proceed before the Viewers the same as if the improvement was entirely a City project. The County agrees to furnish any legal or engineering assistance which the City may desire in the preparation of "Viewers' Plans" and in the defense or prosecution of any claims for damages to property. The County further agrees to reimburse the City of Pittsburgh for all damages assessed against the City, except for the additional widening required by the City between Island avenue and Atmore street. Payment for damages shall be made by the County to the City within ninety (90) days after the report of the Viewers to the Court of Common Pleas of the County has been filed, but appeal from any award of damages which seems excessive or unjust to the County, shall be taken by the City at the request of the County.

EIGHTH. The City agrees to have the tracks of the Pittsburgh Railways Company removed from the present location of California avenue, from a point approximately 15 feet northwest of Atmore street to a point approximately 270 feet northwest of the Island Avenue Bridge, and have same relocated upon the center line realignment of the Ohio River boulevard between said terminal points. The paving of the section of California avenue from which the railway tracks are removed, shall be removed by the County by contract and the 20-foot width paving shall be replaced on the southwesterly side of said section of street, from the southwesterly side of the Ohio River boulevard southwardly to a point 20 feet south of the line dividing properties of Emma E. Conrad and the Pennsylvania Railroad Company.

NINTH. The City agrees to have the tracks of the Pittsburgh Railways Company shifted ten (10) feet southeastwardly from their present location to the center line of the proposed eighty (80) foot boulevard, from a point approximately 270 feet northwest of

Island avenue Bridge to the western property line of Superior avenue.

TENTH. The County agrees to include in its contract the paving of the street railway area between the terminal points mentioned in the eighth and ninth sections of this agreement, said area having a width of 17.75 feet.

ELEVENTH. The City agrees to reimburse the County for work done in relocating the street railway tracks and paving same to a width of 17.75 feet, in a total amount not to exceed a sum of \$17,500. Payment for the City's share of this work shall be made to the County within ten (10) days after receipt of monthly statements certified by the County Controller that certain work has been done by the contractor, and paid by the County.

TWELFTH. The City shall have installed the necessary boulevard lighting system. Plans of the poles, fixtures, etc., approved by the Director of the Department of Public Works of the City, shall be furnished by the Department of Public Works of Allegheny County. It is further agreed that after the completion of the improvement aforesaid, the City shall light the Ohio River boulevard, between the terminal points hereinbefore described, and the County shall be forever afterwards relieved of any responsibility for the maintenance or repair of the lighting system.

THIRTEENTH. It is agreed that after the completion of the improvement aforesaid, the City shall maintain and keep the Ohio River boulevard, between the terminal points herein described, in good repair, except curb and sidewalks constructed by the County, City or others, on the boulevard. The County shall be forever afterwards relieved of any responsibility for the maintenance or repair of the boulevard, including curbs, sidewalks and lighting system.

FOURTEENTH. The City agrees to give all notices necessary to fully advise all parties concerned of the proposed improvement and to require all service companies and private parties to make the necessary adjustments, repairs and connections to existing utilities and to install any new utilities with their house or other connections to points outside the limits of this improvement, prior to or during the construction of the boulevard.

FIFTEENTH. In case the City constructs

water lines, sanitary sewers or combined sewers within the lines of this improvement after the signing of this agreement, the City agrees at its own cost and expense, to backfill the trench or trenches in a workmanlike manner and place any concrete over the same that may be required by the County, to reinforce the subgrade to insure the stability of the boulevard pavement. Where public service companies or individuals open such trenches, either at their own request or by order of the City, the City shall require said companies or individuals to backfill the trench or trenches in a workmanlike manner and place any concrete that may be required by the County to reinforce the subgrade and insure the stability of the boulevard pavement. The City may require said companies or individuals to pay for said backfill and concrete work. The City agrees to relieve the County of the responsibility for the failure of any part of the pavement of this improvement or any structures connected therewith, occasioned by the subsidence of any trenches opened by the City, public service companies or individuals, whether said trenches are opened before or after the improvement of this boulevard by a contract or contracts let by Allegheny County.

SIXTEENTH. The City agrees to pay to the County the additional cost of backfilling any trenches with slag and the cost of removing and replacing concrete slabs or pavement over said trenches, when trenches opened by either the City or others are found in such condition as to endanger the strength or stability of the work to be done by the County. In case such trenches are found, their condition shall be brought to the attention of the Director of Public Works of the City by letter, and if the condition is not corrected by the City within three (3) days after the delivery of such letter, the County shall correct the condition and bill the City for the actual construction cost of same.

IN WITNESS WHEREOF, The County has caused its common and corporate seal to be affixed hereto, duly attested by the Chief Clerk of the County Commissioners, and this agreement to be signed by its County Commissioners, and this agreement is signed and executed in the name of the City of Pittsburgh, and for the City of Pittsburgh, by the Mayor and the Director of the Department of Public Works, and the seal of the City is by its proper officers hereto affixed, they being duly authorized so to do by ordi-

nance of said City, all done this day and year aforesaid.

No. 418

AN ORDINANCE—Authorizing the Mayor and the Director of the Department of Public Works of the City of Pittsburgh to enter into an agreement for and on behalf of the City of Pittsburgh with the Pittsburgh, Crafton and Mansfield Street Railway Company and Pittsburgh Railways Company, granting the City of Pittsburgh license and permission to maintain, repair and

finally remove certain sanitary sewers on, to, across and from the private right of way and a certain parcel of land of the Railways Company in the 20th and 28th Wards of the City of Pittsburgh.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same, That* the Mayor and the Director of the Department of Public Works of the City of Pittsburgh be and they are hereby authorized to enter into an agreement with the Pittsburgh, Crafton and Mansfield Street Railway Company and the Pittsburgh Railways Company, whereby the City of Pittsburgh is granted license and permission to maintain, repair and finally remove certain sanitary sewers on, to, across and from the private right of way and a certain parcel or tract of land in the 20th and 28th Wards of the City of Pittsburgh, which agreement shall be as follows:

THIS AGREEMENT

MADE and entered into this.....day of....., A. D. 19....., by and between Pittsburgh, Crafton and Mansfield Street Railway Company, and Pittsburgh Railways Company, both corporations of the Commonwealth of Pennsylvania, having their principal offices at 435 Sixth avenue in the City of Pittsburgh, County of Allegheny and Commonwealth aforesaid, hereinafter called "Licensors", parties of the first part,

AND

CITY OF PITTSBURGH, a municipal corporation of the Commonwealth aforesaid, hereinafter referred to as "Licensee", party of the second part.

WITNESSETH

WHEREAS, the Pittsburgh, Crafton and Mansfield Street Railway Company is the owner of a certain double track electric street railway, a part of which extends on a private right of way westwardly from the westerly end of McCartney street a distance of one thousand seven hundred fifty (1,750) feet, more or less, in the Twentieth Ward of the City of Pittsburgh, and

WHEREAS, the Pittsburgh, Crafton and Mansfield Street Railway Company is the owner in fee of a certain parcel or tract of land extending of varying width westwardly from the terminus of the above mentioned right of way a distance of nine

hundred eighty (980) feet, more or less, in the Twentieth and Twenty-eighth Wards of the City of Pittsburgh, and

WHEREAS, the Pittsburgh Railways Company is in possession of and operates all of the property of the Pittsburgh, Crafton and Mansfield Street Railway Company, and

WHEREAS, during the year 1924, the City of Pittsburgh constructed a 12" terra cotta sanitary sewer on, along, under, through and across the said private right of way and land of the Pittsburgh, Crafton and Mansfield Street Railway Company from the westerly end of McCartney Street to a point on the northerly side of an unnamed way, together with an 8" branch sewer connecting with Obey street, the location of said 12" sewer being shown between the points "A, B, C, D and F", and the 8" branch sewer marked "D", "E", and extending thence to Noblestown road, both colored red on blueprint marked "Exhibit A", dated September 28, 1929, attached hereto and made a part hereof, and

WHEREAS, during the year 1928 the City of Pittsburgh also constructed a 15" terra cotta sanitary sewer and an 8" branch sewer on, along, under, through and across a part of said private property of the Pittsburgh, Crafton and Mansfield Street Railway Company, the location of said 15" sewer being shown between the points marked "G, H, and I", and the 8" branch sewer marked "8" T. C. Pipe Sewer", both colored red on said blueprint marked "Exhibit A", and

WHEREAS, the Licensee desires to secure the consent of the Licensors to maintain, repair, use and operate said sewers in the several locations above described, and to finally remove the same, and the Licensors are willing to grant such license and permission under the following terms and conditions.

NOW, THEREFORE, THIS AGREEMENT WITNESSETH:

That the Licensors for and in consideration of the sum of One (\$1.00) Dollar paid to them, receipt whereof is hereby acknowledged, do hereby give and grant unto the Licensee, license and permission to maintain, repair, use and operate said sewers in the several locations above described, and to finally remove the same.

This license and permission is given upon the following conditions and covenants which the Licensee hereby agrees to keep and perform:

FIRST: All the work of maintenance, repair or removal shall be done under the direction of the Superintendent of Way of the Licensors or such person as he may designate, who shall direct the time and manner of doing the work which shall be so done and completed as not to interfere either during the progress of the work or afterwards with the free and safe passage of cars upon the tracks of the Licensors, provided, however, that nothing in this paragraph contained or any acts done by or on behalf of the Licensors in the way of the direction of the work shall in any way modify, affect or alter the obligations of the Licensee under the provisions of paragraph "Seventh" hereof.

SECOND: The conditions and stipulations hereof shall apply as well in event that the grade of the railway is changed at any time. In that event the Licensee at its sole cost and expense shall make such changes in the location of the said sewers as the said Superintendent of Way may direct.

THIRD: It is understood and agreed that long continued use and lapse of time whatsoever shall not give the Licensee a permanent interest, estate or easement in, on or across said property and right of way and that this license or permit is revocable at the pleasure of the Licensors upon giving ninety (90) days notice in writing to the Licensee of intention to terminate the same and within said ninety (90) days the Licensee shall cease to use the said sewers and remove the same from the private right of way and tract of land hereinbefore described, all subject to the approval of the Licensors.

FOURTH: In the event of an abandonment of said installation by the Licensee, the Licensee shall remove said sewers or such part of them as requested by the Licensors and leave the premises in such condition as shall meet the approval of the Licensors.

FIFTH: All the costs and charges in connection with the work shall be borne by the Licensee who shall immediately reimburse the Licensors for any and all expenditures made by them for or on account of said work, including the cost of flagmen, inspectors and watchmen, while the work is in progress, upon receipt of bill or bills therefor.

SIXTH: If the Licensee shall fail to maintain, repair, renew or remove said in-

stallation, in accordance with the provisions of this agreement, the Licensors shall have the right to immediately perform any and all work necessary in connection with said maintenance, repair, renewal or removal at the cost and expense of the Licensee, and the Licensee hereby agrees to reimburse the Licensors for any expenditure on account thereof, together with 15% for supervision and use of tools promptly upon receipt of itemized statement therefor.

SEVENTH: (a) It is understood between the parties hereto that the operations of the Licensors at or near said installation involve some risk, and the Licensee, as part of the consideration for this grant, hereby releases and waives any right to ask for or demand damages to the installation of the Licensee that is in or upon the property and facilities of the Licensors and are attributable to the fault, failure or negligence of the Licensors or otherwise.

(b) And the Licensee also covenants and agrees to indemnify, protect and save harmless the Licensors from and against all loss, cost, damage and expense, and claims and demands therefor, to persons and property, caused by or growing out of the construction, maintenance, use and operation of said installation, including the breaking thereof or the leaking of materials therefrom, or injury or damage caused thereto or thereby, save and except damages to the Licensors or to property in its possession or control, when attributable to the fault, failure or negligence of the Licensors.

EIGHTH: This agreement is entered into by the City of Pittsburgh pursuant to an ordinance of said City, duly enacted at a meeting of its Council held on the..... day of....., 1930, and approved by its Mayor on the..... day of....., 1930, which ordinance is in force and effect.

NINTH: It is understood and agreed that this agreement is subject to the approval of the Public Service Commission of the Commonwealth of Pennsylvania, and in event that the Commission should refuse to approve this agreement, the same shall become void and of no effect.

TENTH: This agreement shall be binding upon and inure to the benefit of all the parties hereto, their respective successors and assigns.

IN WITNESS WHEREOF, the Pittsburgh, Crafton and Mansfield Street Railway Com-

pany has caused its corporate seal to be hereunto affixed, attested by its Secretary or an Assistant Secretary, this agreement to be signed by its Vice President duly authorized thereto; the Pittsburgh Railways Company has caused its corporate seal to be hereunto affixed, attested by its Secretary or an Assistant Secretary, this agreement to be signed by its Vice President duly authorized thereto, and the City of Pittsburgh has caused its corporate seal to be hereunto affixed and this agreement to be signed by the Mayor, attested by his Secretary and the Director of the Department of Public Works, they having been duly authorized thereto by Ordinance hereinbefore referred to.

In the third article of the Agreement, paragraph (a), the description of the lines of Grant street to be relocated and extended by the City, from a point 578.10 feet northwardly from the northerly line of Seventh avenue to Penn avenue and Slocum way shall be changed to read as follows:

The easterly line shall begin at a point on the present easterly line of Grant street distant 578.10 feet north of the northerly line of Seventh avenue; thence extending north $28^{\circ} 58' 14''$ east for the distance of 52.37 feet to a point; thence north $73^{\circ} 58' 14''$ east for the distance of 11.22 feet to a point; thence north $27^{\circ} 00' 25''$ east for the distance of 60.0 feet to a point; thence north $17^{\circ} 59' 35''$ west for the distance of 8.05 feet to a point; thence north $28^{\circ} 58' 14''$ east for the distance of 77.33 feet to a point; thence north $16^{\circ} 37' 04''$ east for the distance of 206.67 feet to a point; thence north $45^{\circ} 04' 02''$ east for the distance of 21.10 feet to a point; thence by the arc of a circle concave toward to the north, having a chord of north $31^{\circ} 39' 16''$ east for the distance of 181.76 feet, a radius of 143.00 feet and a central angle of $78^{\circ} 54' 54''$, and the arc distance of 196.96 feet to a point; thence north $20^{\circ} 27' 49''$ east for the distance of 17.27 feet to a point; thence north $50^{\circ} 44' 04''$ east for the distance of 6.41 feet to a point on the westerly line of Slocum way.

The westerly line shall begin at a point on the present westerly line of Grant street distant 595.37 feet from the northerly line of Seventh avenue, 60.00 feet wide; thence north $62^{\circ} 59' 35''$ west for the distance of 2.00 feet to a point; thence north $27^{\circ} 00' 25''$ east for the distance of 12.45 feet to a point of curve; thence by the arc of a circle concave toward the south having a

radius of 20.00 feet and a central angle of $135^{\circ} 58' 55''$ for the distance of 47.47 feet to a point of tangent on the southerly line of Liberty avenue; thence north $15^{\circ} 46' 36''$ east for the distance of 97.37 feet to a point on the northerly line of Liberty avenue distant 139.80 feet westwardly from the intersection of the northerly line of Liberty avenue with the westerly line of Eleventh street, as now opened; thence north $43^{\circ} 49' 17''$ east for the distance of 16.01 feet to a point; thence north $16^{\circ} 37' 04''$ east for the distance of 34.00 feet to a point; thence south $73^{\circ} 22' 56''$ east for the distance of 2.00 feet to a point; thence north $16^{\circ} 37' 04''$ east for the distance of 177.39 feet to a point on the westerly line of Eleventh street, as now opened; thence along the said westerly line of Eleventh street north $19^{\circ} 15' 50''$ west for the distance of 61.94 feet to the southerly line of Penn avenue; thence north $73^{\circ} 14' 13''$ east for the distance of 60.12 feet to the southeasterly intersection of Eleventh street and Penn avenue; thence along the southerly line of Penn avenue north $50^{\circ} 44' 04''$ east for the distance of 251.63 feet to the westerly line of Slocum way.

In the Third Article of the Agreement, paragraph (b), the description of the lines of Eleventh street to be relocated by the City, from Penn avenue to Pike street shall be changed to read as follows:

The westerly line shall begin at a point on the northerly line of Penn avenue distant 31.10 feet westwardly from the northwesterly intersection of Penn avenue and Eleventh street; thence by the arc of a circle, concave toward the north having a radius of 20.00 feet and a central angle of $90^{\circ} 17' 20''$ for the distance of 31.52 feet to a point of tangent; thence north $19^{\circ} 15' 50''$ west for the distance of 15.50 feet to a point; thence by the arc of a circle, concave toward the east, having a radius of 200.00 feet and a central angle of $19^{\circ} 05' 28''$ for the distance of 66.64 feet to a point of tangent, said point being on the westerly line of Eleventh street, as now opened; thence north $00^{\circ} 10' 22''$ west for the distance of 59.25 feet to a point of curve; thence by the arc of a circle, concave toward the west, having a radius of 115.41 feet and a central angle of $40^{\circ} 11' 04''$ for the distance of 80.94 feet to a point of tangent; thence north $40^{\circ} 21' 26''$ west for the distance of 50.00 feet to a point on the present westerly line of Eleventh street.

The easterly line shall begin at a point on the northerly line of Penn avenue as now opened distant 81.41 feet eastwardly from the northeasterly intersection of Penn avenue and Eleventh street, said point being on the line dividing the properties now or late of the Pennsylvania Railroad Company and M. Arnfeld; thence northwardly along the line dividing said properties and said line produced for the distance of 120.14 feet to the northerly line of Mulberry way; thence north $50^{\circ} 44' 04''$ east for the distance of 40.66 feet to a point; thence north $40^{\circ} 21' 26''$ west for the distance of 80.13 feet to a point; thence north $5^{\circ} 11' 19''$ east for the distance of 14.01 feet to a point on the southerly line of Pike street.

In the Third Article of the Agreement, paragraph (c) the description of the lines of Penn avenue to be widened and improved by the City shall be changed to read as follows:

The northerly line of Penn avenue as widened is described as coinciding with the present northerly line of Penn avenue, from the easterly line of Eleventh street as relocated to the westerly line of Eighteenth street.

The southerly line of Penn avenue as widened is described as coinciding with the present southerly line of Penn avenue and the northerly line of Grant street as extended, between Eleventh street as now opened and the westerly line of Slocum way; thence eastwardly parallel to and 124.00 feet south of the above described northerly line to a point 437.67 feet eastwardly from the westerly line of Slocum way; thence eastwardly parallel to and 120.00 feet south of the above described northerly line to a point 119.00 feet west of the westerly line of Fourteenth street; thence eastwardly parallel to and 110.00 feet south of the above described northerly line to the intersection with the southerly line of Liberty avenue as relocated.

All changes as set forth in this ordinance are shown and properly identified on Plan No. 2338 of the Department of Public Works, Bureau of Engineering, Division of Surveys.

AN ORDINANCE—Refixing the width and position of the sidewalks and roadway

and re-establishing the grade of South Tenth street, from Carson street east, to a point 165.0 feet north of the northerly line of Muriel street.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same, That* the width and position of the sidewalks and roadway and the grade of the easterly curb line of South Tenth street, from Carson street east, to a point 165.0 feet north of the northerly line of Muriel street be and the same are hereby refixed and re-established as follows, to-wit:

The westerly sidewalk shall have a uniform width of 8.0 feet and lie along and contiguous to the westerly street line.

The roadway shall have a uniform width of 40.0 feet and lie along and contiguous to the above described westerly sidewalk.

The easterly sidewalk shall have a variable width and occupy the portion of the street lying between the above described roadway and the easterly street line.

Section 2. The grade of the easterly curb line shall begin at the northerly line of Carson street east, at an elevation of 58.27 feet; thence falling at the rate of 1.55% for a distance of 416.90 feet to a point of curve to an elevation of 51.81 feet; thence by a concave parabolic curve for a distance of 100.0 feet to a point of tangent to an elevation of 53.29 feet; thence rising at the rate of 4.50% for a distance of 130.66 feet to a point 165.0 feet north of the northerly line of Muriel street to an elevation of 59.17 feet.

AN ORDINANCE—Fixing the width and position of the sidewalks and roadway, providing for parking, sloping and the construction of retaining walls and steps and

establishing the grade of Oswin street, from Berdella street to Steuben street.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That the width and position of the sidewalks and roadway and the grade of the southerly curb line of Oswin street, from Berdella street to Steuben street be and the same are hereby fixed and established as follows, to-wit:

The southerly curb line as hereinafter described shall be used as a basis in fixing the width and position of the southerly sidewalk.

Beginning on the easterly curb line of Berdella street at a point opposite the southwest corner of Oswin and Berdella streets; thence extending north $46^{\circ} 23' 40''$ east 2.39 feet to a point of curve; thence extending in a northerly direction by the arc of a circle deflecting to the right having a radius of 20.0 feet and a central angle of $50^{\circ} 53' 50''$, 17.77 feet to a point of tangent; thence extending south $82^{\circ} 42' 30''$ east 24.89 feet to a point of curve; thence extending in an easterly direction by the arc of a circle deflecting to the right having a radius of 60.0 feet and a central angle of $20^{\circ} 14' 50''$, 21.20 feet to a point of tangent; thence extending south $62^{\circ} 27' 40''$ east parallel to and at a perpendicular distance of 18.0 feet northwardly from the southerly line of the street to Steuben street.

The southerly sidewalk shall have a uniform width of 5.5 feet, the northerly line of which shall coincide with southerly curb line as above described.

The northerly sidewalk shall have a uniform width of 10.0 feet, the northerly line of which shall coincide with the northerly line of the street.

The roadway shall be of a variable width and shall occupy that portion of the street lying between the sidewalks as above described.

The remaining portion of the street lying between the southerly line of the southerly sidewalk and the southerly line of the street shall be used for parking, sloping and the construction of retaining walls and steps.

The grade of the southerly curb line shall begin on the easterly curb line of Berdella street at a point opposite the southwest corner of Oswin and Berdella streets, being

the center of a concave parabolic curve 40.0 feet in length joining the falling grades of 17.0% and 7.0% respectively at an elevation of 290.20 feet; thence by said concave parabolic curve for the distance of 20.0 feet to a point of tangent at an elevation of 288.30 feet; thence falling at the rate of 7.0% for the distance of 15.65 feet to a point of curve at an elevation of 287.20 feet; thence by a concave parabolic curve for the distance of 40.0 feet to a point of tangent at an elevation of 288.25 feet; thence rising at the rate of 12.26% for the distance of 223.55 feet to a point of curve at an elevation of 315.66 feet; thence by a convex parabolic curve 31.0 feet in length joining a falling grade of 11.6% for the distance of 15.50 feet to the northerly line of Steuben street at an elevation of 316.64 feet.

No. 497

AN ORDINANCE—Granting unto the Jones & Laughlin Steel Corporation, its successors

and assigns, the right to construct, maintain, and use an eight (8) inch Standard Line Pipe with welded joints, supported by steel poles, with a clearance of approximately eighteen (18) feet above street grades on and along the building line of Longworth street, Langhorn street and Blair street, for the purpose of bringing by-product gas from the by-product ovens on Longworth street to the cold finishing department located between Blair and Lytle streets and situated on the property of Jones & Laughlin Steel Corporation, Fifteenth Ward, Pittsburgh, Pa.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That The Jones & Laughlin Steel Corporation, its successors and assigns be and are hereby given the right and authority at its own cost, risk and expense, to construct, maintain and use an eight (8) inch Standard Line Pipe with welded joints supported by steel poles, the construction of which was granted by Ordinance No. 673, approved October 19, 1927, said by-product gas line to have a clearance of approximately eighteen feet above street grades, on and along the building line of Longworth street, Langhorn street and Blair street, for the purpose of bringing by-product gas from the by-product ovens of Longworth street to the cold finishing department located between Blair and Lytle streets and situated on the property of Jones & Laughlin Steel Corporation, Fifteenth Ward, Pittsburgh, Pa.

The said steel poles, the construction of which was granted by Ordinance No. 673 and approved October 19, 1927, supporting the eight-inch Standard Pipe Line with welded joints and steel bridging supporting said pipe line to have no supports or poles within street lines and to have a minimum clearance of eighteen (18) feet from grade of all streets and all work to be constructed in accordance with the provisions of this Ordinance and in accordance with the plan hereto attached and identified as Accession No. 365, Folder B, in the files of the Division of Public Utilities, Bureau of Highways and Sewers, Department of Public Works, entitled, "Proposed eight-inch Standard Line Pipe with welded joints by-product gas line for the Jones & Laughlin Steel Corporation, Fifteenth Ward, Pittsburgh, Pa."

Section 2. The said Company, prior to the beginning of the construction of said by-product eight-inch Standard Line Pipe with

welded joints, shall submit to the Director of the Department of Public Works of the said City, a complete set of plans, in triplicate, showing location and all details of the construction of said pipe line and said plans of the proposed construction shall be subject to the approval and supervision of the said Director.

Section 3. The rights and privileges herein granted shall be subject and subordinate to the rights of the City of Pittsburgh, and its powers over City streets and to the ordinances of the City of Pittsburgh relating thereto, and to the provisions of any general ordinance which may hereafter be passed relating to the construction, maintenance and use of poles and pipe lines on City streets, and providing for compensation therefor.

Section 4. The said grantee shall bear the full cost and expense of the repaving and repair of the street pavement damaged, repair of sewers, water lines and other surface and sub-surface structures which may be in any way damaged or disturbed by reason of the construction, maintenance, and use of the said poles and pipe line. All of the said work, including the repaving of the street damaged, shall be done in the manner and at such times as the Director may order, and shall be subject to his approval and supervision.

Section 5. The rights and privileges granted by this ordinance are granted upon the express condition that the City of Pittsburgh, without liability, reserves the right to cause the removal of the said poles and pipe line upon giving six (6) months' notice, through the proper officers pursuant to resolution or ordinance of Council, to the said Jones & Laughlin Corporation, its successors and assigns to that effect; and that the said grantee when so notified shall, at the expiration of said six (6) months forthwith, remove the said poles and pipe line and replace the street to its original condition at its own cost and expense.

Section 6. The said grantee shall assume any liability of the City of Pittsburgh for damages to persons or property, including the streets and sub-surface structures therein, by reason of the construction, maintenance and use of the said poles and pipe line, and it is a condition of this grant that the City of Pittsburgh assumes no liability to either persons or property on account of this grant.

Section 7. The foregoing rights and privi-

leges are granted subject to the following conditions, to-wit:—This Ordinance shall become null and void unless within thirty (30) days after its passage and approval, the Jones & Laughlin Steel Corporation shall file with the City Controller, its certificate of acceptance of this Ordinance, said certificate of acceptance to be executed by the President and Secretary of the Company with its corporate seal attached.

Section 8. That any Ordinance or part of Ordinance conflicting with the provisions of this Ordinance, be and the same is hereby repealed, so far as the same affects this Ordinance.

AN ORDINANCE—Re-fixing the width and position of the sidewalks and roadway,

providing for slopes, parking, retaining walls and steps and re-establishing the grade of California avenue, from a point 16.25 feet west of the westerly line of Atmore street to Superior avenue.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That the width and position of the sidewalks and roadway and the grade of the northerly and easterly curb line of California avenue, from a point 16.25 feet west of the westerly line of Atmore street to Superior avenue be and the same are hereby re-fixed and re-established as follows, to-wit:—

The northerly and easterly curb line shall begin at a point of curve on the present northerly 10.0 foot curb line of California avenue, distant north $63^{\circ} 05' 30''$ west 16.25 feet along the northerly 10.0 foot curb line of California avenue from a point perpendicularly opposite the intersection of the northerly line of California avenue and the westerly line of Atmore street, said point of curve to be known as station $0+81.00$; thence northwestwardly by the arc of a circle deflecting to the right with a radius of 200.0 feet and a central angle of $32^{\circ} 28' 00''$ to a point of tangent at station $1+94.33$; thence by the tangent north $30^{\circ} 37' 30''$ west to the southerly curb line of Superior avenue at station $16+51.05$, from a point 1043.24 feet south of Superior avenue to Superior avenue being parallel to and at a perpendicular distance of 10.0 feet west of the easterly line of California avenue.

The northerly and easterly sidewalk shall have a uniform width of 10.0 feet and shall lie along the northerly and easterly side of and contiguous to the above described northerly and easterly curb line.

The roadway, from the point of curve at station $0+81.00$ on the above described northerly and easterly curb line to the Marshall avenue and Island Avenue Bridge intersection shall have a variable width, ranging from 30.0 feet at the former to 60.0 feet at the latter mentioned point; thence to Superior avenue shall have a uniform width of 60.0 feet; the roadway throughout shall lie along the southerly and westerly side of and contiguous to the above described northerly and easterly sidewalk.

The southerly and westerly sidewalk shall have a uniform width of 10.0 feet and shall lie along the southerly and westerly side

of and contiguous to the above described roadway.

The remaining portion of the street lying without the lines of the sidewalks and roadway as above described shall be used for slopes, parking, retaining walls and steps.

Section 2. The grade of the northerly and easterly curb line shall begin at station 0+81.00 on the same at an elevation of 68.35 feet; thence rising by a concave parabolic curve for a distance of 40.0 feet to a point of tangent to an elevation of 69.68 feet; thence rising at the rate of 5.16% for a distance of 14.0 feet to a point of curve to an elevation of 70.40 feet; thence by a convex, parabolic curve for a distance of 100.0 feet to a point of tangent to an elevation of 73.48 feet; thence rising at the rate of 1.0% for a distance of 165.0 feet to a point of curve to an elevation of 75.13 feet; thence by a concave parabolic curve for a distance of 200.0 feet to a point of tangent to an elevation of 81.13 feet; thence rising at the rate of 5.0% for a distance of 227.0 feet to a point of curve to an elevation of 92.48 feet; thence by a convex parabolic curve for a distance of 450.0 feet to a point of tangent to an elevation of 96.30 feet; thence falling at the rate of 3.30% for a distance of 302.0 feet to a point of curve to an elevation of 86.33 feet; thence by a concave parabolic curve for a distance of 50.0 feet to a point of tangent to an elevation of 85.87 feet; thence rising at the rate of 1.46% for a distance of 22.05 feet to the southerly curb line of Superior avenue to an elevation of 86.19 feet.

Section 3. That any Ordinance or part of Ordinance, conflicting with the provisions of this Ordinance, be and the same is hereby repealed, so far as the same affects this Ordinance.

AN ORDINANCE—Fixing the width and position of the roadway and sidewalks, providing for slopes, parking, retaining walls, steps and stream change and establishing the grade of Lebanon road, from Mifflin road to the dividing line between the City of Pittsburgh and Mifflin Township.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same, That the width and position of the roadway and sidewalks and the grade of the center line of the roadway of Lebanon road, from Mifflin road to the dividing line between the City of Pittsburgh and Mifflin Township be and the same are hereby fixed and established as follows, to-wit:—*

The roadway shall have a general width of 40.0 feet, the center line of which shall coincide with the following described survey line.

Beginning at a point on the center line of Mifflin road, 45.0 feet in width, as described in Hays Borough Ordinance No. 75 dated August 1st, 1922, and as shown on the Viewers' Plan of Mifflin road (formerly Irwin street) as prepared by the County of Allegheny and of record in the Department of Public Works, Bureau of Engineering, Division of Surveys of the City of Pittsburgh as Survey Plan No. 2218, said point of beginning being at station 187+08.77 on the stationing as shown on the said Viewers' Plan and a chord bearing, from the point of compound curve at station 186+99.27 to the above mentioned point of beginning, being

south 54° 55' 15" east, the above and following mentioned bearings being in conformity with the bearings as shown on the said Viewers' Plan, said point of beginning shall be known as station 0+00 for the purpose of this ordinance; thence extending south 22° 34' 30" west 784.35 feet to a point of curve at station 7+84.35; thence southwardly by the arc of a circle deflecting to the left with a radius of 1432.69 feet and a central angle of 34° 00' 00" for a distance of 850.17 feet to a point of tangent at station 16+34.52; thence by the tangent south 11° 25' 30" east 142.0 feet more or less to the dividing line between the City of Pittsburgh and Mifflin Township at station 17+76.5 more or less, at a point 9.0 feet more or less eastwardly along the said dividing line from the present westerly line of Lebanon road.

The sidewalks shall each have a general width of 8.0 feet and shall lie along and contiguous to the above described roadway.

The remaining portions of the street lying without the lines of the roadway and sidewalks as above described shall be used for slopes, parking, retaining walls, steps and stream change.

Section 2. The grade of the center line of the roadway shall begin at station 0+00.75 on the above described survey line at an elevation of 138.85 feet; thence rising by a concave parabolic curve for a distance of 100.0 feet to a point of tangent at station 1+00.75 to an elevation of 141.96 feet; thence rising at the rate of 4.90% for a distance of 1050.0 feet to a point of curve at station 11+50.75 to an elevation of 193.41 feet; thence by a convex parabolic curve for a distance of 100.0 feet to a point of tangent at station 12+50.75 to an elevation of 197.96 feet; thence rising at the rate of 4.20% for a distance of 525.75 feet to the dividing line between the City of Pittsburgh and Mifflin Township at station 17+76.50 to an elevation of 220.04 feet.

All elevations given in this ordinance are from the precise level datum.

No. 643

AN ORDINANCE—Authorizing the Mayor and the Director of the Department of

Public Works to execute an Agreement with the Secretary of Highways, acting for and on behalf of the Commonwealth of Pennsylvania, in connection with the improvement of State Highway Route No. 246, Perrysville Avenue, a portion of which is located within the City of Pittsburgh.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That the Mayor and the Director of the Department of Public Works for and on behalf of the City of Pittsburgh, are hereby authorized and directed to execute an Agreement with the Secretary of Highways, acting for the Commonwealth of Pennsylvania, in connection with the improvement known as "State Highway Route No. 246, Perrysville Avenue," a portion of which is located within the City of Pittsburgh, said Agreement to be in the following language:

THIS AGREEMENT, Made and entered into this.....day of....., 1930, by and between the Secretary of Highways, acting for and on behalf of the Commonwealth of Pennsylvania, hereinafter called the Commonwealth, of the first part, and the City of Pittsburgh, in Allegheny County, a municipal corporation of the Commonwealth of Pennsylvania, hereinafter called the City, by Charles H. Kline, Mayor, and Edward G. Lang, Director, Department of Public Works, of the second part.

WHEREAS, By Act of Assembly No. 409, approved May 1, 1929, certain moneys were appropriated to the Department of Highways to be allocated among the Cities of the Commonwealth for the improvement, construction, reconstruction, and/or maintenance of City streets which are not on the plan of the State highway system, but which are continuations of State highways entering such Cities, or running through such Cities, or which furnish the shortest or most convenient route through such Cities for the traveling public, and

WHEREAS, The sum of Two Hundred Seventeen Thousand Four Hundred Fifty-three Dollars and Forty Cents (\$217,453.40) has been allocated to the City from said appropriation by the Department of Highways for the purpose of reconstructing or improving said streets forming continuations of State highways through the City as provided in said Act, and

WHEREAS, The sum of Twenty-three Thou-

sand Four Hundred Twenty-six Dollars and Ninety-four Cents (\$23,426.94) has been set aside from the City's allocation from said appropriation for the purpose of constructing the following portions of streets which have been designated as the shortest or most convenient route for the traveling public through the City, and

WHEREAS, The Department of Highways has made a survey of existing conditions and as a result has designated Perrysville avenue from a point near Perryview avenue to the city line at Ivory avenue as the shortest or most convenient route for the traveling public through said City forming a part or section of Route No. 246, the portion of which to be improved under the provisions of this Agreement being more fully described as follows: Beginning at a point on Perrysville avenue, near the intersection with Perryview avenue on Route No. 246, Station O-25, thence northwardly along Perrysville avenue to Station 16 plus 79, approximately 56 feet north of the intersection with Ivory avenue, a portion of which is in the City of Pittsburgh and the remaining portion in Ross Township, Allegheny County, and

WHEREAS, It is desired to construct the said street as hereinbefore designated for the purpose of safely and adequately accommodating the traveling public in and through said City,

NOW, THEREFORE, THIS AGREEMENT WITNESSETH, That the parties hereto do agree as follows, viz.,

First—That the Commonwealth through its Department of Highways shall prepare plans and specifications in accordance with its adopted standards for the construction of said street to a paving width of 38 feet and shall inspect and supervise the work of construction and assume and pay the cost of all advertising, engineering, inspection and overhead expenses incurred by the Commonwealth in connection therewith.

Second—That the Commonwealth shall advertise for bids in accordance with the plans and specifications prepared and approved by the Department of Highways and shall award contract or contracts for the improvement of said streets to the lowest responsible bidder in a sum not to exceed the preliminary estimates and ten (10) per centum in addition thereto. That work may be done and material furnished under this agreement in excess of the estimated quantities to the

extent of seven (7) per centum of the contract amount, and shall be paid for at the unit prices bid by the contractor and deductions for the work not done and material not furnished shall be made in a similar manner from the contract price, but if additional work and material beyond seven (7) per centum of the contract shall be required, a further agreement between the parties hereto shall be made before the work is done.

Third—That the City agrees to give all notices necessary to fully advise all parties concerned of the proposed improvement and to compel all public utility companies to make any necessary replacements or renewals of any of their structures located within the lines of the improvement as hereinbefore described prior to the commencement of work under said contract.

Fourth—That the Commonwealth shall pay the entire cost of constructing that portion of the improvement lying within the City of Pittsburgh, out of the city-aid allotment hereinbefore mentioned, in the estimated amount of Twenty-three Thousand Four Hundred Twenty-six Dollars and Ninety-four Cents (\$23,426.94) and shall pay the balance of the total cost of the improvement out of other funds.

Fifth—The said Perrysville avenue, between the terminal points above named, shall be improved to the lines and grades to be established by the City in conformity with the plans and specifications to be prepared by the Department of Highways and approved by the Director of Public Works of the City.

Sixth—The City agrees to assume and become liable for all damages to abutting property occasioned by said improvement, by reason of the opening, widening, establishing of the grade, change of grade or improvement of Perrysville avenue, between the terminal points hereinbefore mentioned, and further agrees to assume and become liable for all damages to property, including surface and subsurface property, within the lines of the improvement, and it is further understood that the Commonwealth shall not be liable for the payment of any of the aforesaid costs except such costs or damages as may be caused by the negligence of the Commonwealth or its contractor or contractors.

Seventh—It is understood and agreed that upon the completion and acceptance of the

work by the City, the City shall consider the said Perrysville avenue as part of its system of improved highways and shall maintain that portion within the City limits in good repair between the points herein mentioned, and the Commonwealth shall forever thereafter be relieved of any responsibility for the maintenance or repair thereof.

Eighth—The Commonwealth shall require the contractor or contractors to furnish to the City a satisfactory bond in the form required by the City, for the maintenance of said road for a period of one (1) year after the acceptance of the work by the City. If at any time within the said maintenance period the said road or parts thereof, in the opinion of the Director of the Department of Public Works of the City, require repairs and the Director notifies the said contractor or contractors to make same, the said contractor or contractors shall immediately commence and complete the same to the satisfaction of the Director of the Department of Public Works of the City, and in case of failure or neglect on his or their part within five (5) days of the date of the service of the aforesaid notice to begin said repairs and faithfully prosecute the same to completion, the Director shall have the right to purchase such materials as he may deem necessary and to employ such person or persons as he may deem proper to undertake and complete said repairs, and charge the expense thereof to the contractor or contractors.

Ninth—The City agrees to enact any Ordinances which may be necessary to locate, relocate, open, widen, establish or re-establish the grade and curb lines of said Perrysville avenue and to condemn or otherwise secure all private property necessary for this purpose.

Tenth—In case the City installs either water or sewer lines on this highway after the signing of this agreement, the City agrees to backfill the trench or trenches in a workmanlike manner and to place concrete over the same to reinforce the subgrade to permit the paving of the road, or the City may require public service corporations or individuals opening such trench or trenches to backfill the same in a workmanlike manner and to provide any concrete necessary to reinforce the subgrade to permit the paving of the road, or the City may require said corporations or individuals to pay for said work which shall be done by the City forces.

Eleventh—The City agrees to relieve the Commonwealth of responsibility for the failure of any part of the paving of the roadway or any structures occasioned by the subsidence of any trenches opened by the City, public service corporations or individuals, whether said trenches are opened before or after the paving of this highway by a contract or contracts let by the Commonwealth.

Twelfth—Any work done on sewers, drains or public service lines shall be done in such a manner as to cause as little interference as possible to the Commonwealth's contractor or contractors.

Thirteenth—This agreement is entered into by the City of Pittsburgh pursuant to Ordinance No., approved....., and recorded in Ordinance Book Volume....., Page.....

IN WITNESS WHEREOF, The Secretary of Highways, for and on behalf of the Commonwealth of Pennsylvania, has hereunto affixed his hand and the seal of the Department of Highways, and the Mayor and the Director of Public Works of the City of Pittsburgh, acting for and on behalf of said City, have hereunto set their hands and affixed the official seal of the City, pursuant to due and legal action authorizing the same by the City.

AN ORDINANCE— Authorizing the Mayor and the Director of the Department of Public Works to execute an Agreement with the Secretary of Highways, acting for and on behalf of the Commonwealth of Pennsylvania, in connection with the improvement of State Highway Route No. 376, Lebanon road, a portion of which is located within the City of Pittsburgh.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That the Mayor and the Director of the Department of Public Works for and on behalf of the City of Pittsburgh, are hereby authorized and directed to execute an Agreement with the Secretary of Highways, acting for the Commonwealth of Pennsylvania, in connection with the improvement known as "State Highway Route No. 376, Lebanon Road", a portion of which is located within the City of Pittsburgh, said Agreement to be in the following language:

THIS AGREEMENT, Made and entered into this day of, 19....., by and between the Secretary of Highways, acting for and on behalf of the Commonwealth of Pennsylvania, hereinafter called the Commonwealth, of the first part, and the City of Pittsburgh, in Allegheny County, a municipal corporation of the Commonwealth of Pennsylvania, hereinafter called the City, by Charles H. Kline, Mayor, and Edward G. Lang, Director, Department of Public Works, of the second part,

WITNESSETH

WHEREAS, By Act of Assembly No. 409, approved May 1, 1929, certain moneys were appropriated to the Department of Highways to be allocated among the Cities of the Commonwealth for the improvement, construction, reconstruction, and/or maintenance of City streets which are not on the plan of the State highway system, but which are

continuations of State highways entering such Cities, or running through such Cities, or which furnish the shortest or most convenient route through such Cities for the traveling public, and

WHEREAS, The sum of Two Hundred Seventeen Thousand Four Hundred Fifty-three Dollars and Forty Cents (\$217,453.40) has been allocated to the City from said appropriation by the Department of Highways for the purpose of reconstructing or improving said streets forming continuations of the State highways through the City as provided in said Act, and

WHEREAS, The sum of Nineteen Thousand Five Hundred Sixty-two Dollars and Seventy-seven Cents (\$19,562.77) has been set aside from the City's allocation from said appropriation for the purpose of constructing the following portions of streets which have been designated as the shortest or most convenient route for the traveling public through the City, and

WHEREAS, The Department of Highways has made a survey of existing conditions and as a result has designated Lebanon road, from Mifflin road to the dividing line between the City of Pittsburgh and Mifflin Township as the shortest or most convenient route for the traveling public through said City forming a part or section of Route No. 376, leading to the City-County Airport in Mifflin Township, the portion of which to be improved under the provisions of this agreement being more fully described as follows:

Beginning at the Mifflin Township-Pittsburgh City line at Station 1030+25, thence over Lebanon road, Route No. 376, to the intersection with the Pittsburgh and McKeesport boulevard at about Station 1047+92.6 in the City of Pittsburgh, and

WHEREAS, The City deems it necessary and advisable that Lebanon road between the points herein mentioned be improved to a greater width than that which will be paid for by the Commonwealth out of the City-Aid allocation,

WHEREAS, It is desired to construct the said streets as hereinbefore designated for the purpose of safely and adequately accommodating the traveling public in and through said City, Now, therefore,

THIS AGREEMENT WITNESSETH, That for and in consideration of the mutual covenants and agreements herein contained the parties hereto do hereby agree as follows, viz:

First. That the Commonwealth through its Department of Highways shall prepare or approve plans and specifications in accordance with its adopted standards for the construction of said streets to a paving width of Forty (40) feet of which Twenty (20) feet in width shall be paid for by the Commonwealth out of the City's allocation aforementioned, and the City shall pay for the remaining portion as herein provided and that following the award of the contract the Department of Highways shall inspect and supervise the work of construction and shall assume the cost of all advertising, engineering, inspection, and overhead expenses incurred by the Commonwealth in connection therewith.

Second. That the Commonwealth shall advertise for bids in accordance with the plans and specifications prepared and approved by the Department of Highways and shall award contract or contracts for the improvement of said streets to the lowest responsible bidder in a sum not to exceed the preliminary estimates and ten (10%) per cent in addition thereto subject to the approval of the Mayor and the Director of the Department of Public Works of the City, pursuant to the Acts of Assembly relating to the same. The City may at its own cost and expense, furnish whatever engineering and inspectional work is desired. Any complaint which the City may have as to the manner of constructing, or the method, or materials used, shall be made in writing to the engineer in charge of the work within three (3) days. Otherwise all work and materials shall be considered by the Commonwealth as having been done and furnished, placed or erected satisfactory by the City.

That work may be done and material furnished under this agreement in excess of the estimated quantities to the extent of seven (7%) per centum of the contract amount, and shall be paid for at the unit prices bid by the contractor and deductions for the work not done and material not furnished shall be made in a similar manner from the contract price; but if additional work and material beyond seven (7%) per centum of the contract shall be required a further agreement between the parties hereto shall be made before the work is done.

Third. That the City agrees to give all notices necessary to fully advise all parties concerned of the proposed improvement, and to compel all public utility companies to make any necessary replacements or renewals

of any of their structures located within the lines of the improvement as hereinbefore described prior to the commencement of work under said contract.

Fourth. That the Commonwealth shall pay the cost of constructing a portion of the improvement contemplated twenty (20) feet in width out of the City-Aid allotment, in the estimated amount of Nineteen Thousand Five Hundred Sixty-two Dollars and Seventy-seven Cents (\$19,562.77).

And the City shall pay to the Commonwealth the balance of the total cost, or the approximate sum of Fifty-one Thousand Seven Hundred Ninety Dollars and Fifty-eight Cents (\$51,790.58) which is the approximate balance of the cost of the said improvement within the limits of the City of Pittsburgh, excluding all advertising, engineering, inspection and overhead expenses.

Fifth. Payment of ninety (90%) per cent of the share of such cost and expense due the Commonwealth by the City on account of such improvement, shall be made to the State Treasurer within ten (10) days after receipt and approval by the Director of Public Works of the City, from time to time during the performance of the work, of certified statements from the Secretary of Highways showing the amount of work performed and material furnished by the contractor, and final settlement and payment of the City's share of the cost of said improvement shall be made within thirty (30) days after the final cost of said work and material in connection with said improvement is certified by the Secretary of Highways to the City and approved by the Director of the Department of Public Works of the City. It is further agreed that if payment of amounts due are not made within thirty (30) days from the date of certification, interest at the rate of six (6%) per centum per annum will be charged.

Sixth. Said Lebanon road, between the terminal points aforesaid, shall be improved to the lines and grades to be established by the City in conformity with the plans and specifications to be prepared by the State Highway Department of the Commonwealth, and approved by the Director of the Department of Public Works of the City.

Seventh. The City agrees to assume and become liable for all damages to abutting property occasioned by said improvement, by reason of the opening, widening, establishing of the grade, change of grade or improve-

ment of Lebanon road, between the terminal points hereinbefore mentioned, and further agrees to assure and become liable for all damages to property, including surface and sub-surface property, within the lines of the improvement, and it is further understood that the Commonwealth shall not be liable for the payment of any of the aforesaid costs except such costs or damages as may be caused by the negligence of the Commonwealth or its contractor or contractors.

Eighth. It is understood and agreed that upon the completion and acceptance of the work by the City, the City shall consider the said Lebanon road as part of its system of improved highways and shall maintain the same in good repair between the points herein mentioned, and the Commonwealth shall forever thereafter be relieved of any responsibility for the maintenance or repair thereof.

Ninth. The Commonwealth shall require the contractor or contractors to furnish to the City a satisfactory bond in the form required by the City, for the maintenance of said road for a period of one (1) year after the acceptance of the work by the City. If at any time within the said maintenance period the said road or parts thereof, in the opinion of the Director of the Department of Public Works of the City, require repairs and the Director notifies the said contractor or contractors to make the same, the said contractor or contractors shall immediately commence and complete the same to the satisfaction of the Director of the Department of Public Works of the City, and in case of failure or neglect on his or their part within five (5) days of the date of the service of the aforesaid notice to begin said repairs and faithfully prosecute the same to completion, the Director shall have the right to purchase such materials as he may deem necessary and to employ such person or persons as he may deem proper to undertake and complete said repairs, and charge the expense thereof to the contractor or contractors.

Tenth. The City agrees to enact any Ordinances which may be necessary to locate, relocate, open, widen, establish or re-establish the grade and curb lines of said Lebanon road and to condemn or otherwise secure all private property necessary for this purpose.

Eleventh. In case the City installs either water or sewer lines on this highway after

the signing of this Agreement, the City agrees to backfill the trench or trenches in a workmanlike manner and to place concrete over the same to reinforce the sub-grade to permit the paving of the road, or the City may require public service corporations or individuals opening such trench or trenches to backfill the same in a workmanlike manner and to provide any concrete necessary to reinforce the sub-grade to permit the paving of the road, or the City may require said corporations or individuals to pay for said work which shall be done by the City forces.

Twelfth. The City agrees to relieve the Commonwealth of responsibility for the failure of any part of the paving of the roadway or any structures occasioned by the subsidence of any trenches opened by the City, public service corporations or individuals, whether said trenches are opened before or after the paving of this highway by a contract or contracts let by the Commonwealth.

Thirteenth. Any work done on sewers, drains or public service lines shall be done in such a manner as to cause as little interference as possible to the Commonwealth's contractor or contractors.

Fourteenth. This Agreement is entered into by the City of Pittsburgh pursuant to Ordinance No. _____, approved _____, and recorded in Ordinance Book Volume _____, page _____.

IN WITNESS WHEREOF, The Secretary of Highways, for and on behalf of the Commonwealth of Pennsylvania, has hereunto affixed his hand and the seal of the Department of Highways, and the Mayor and the Director of Public Works of the City of Pittsburgh, acting for and on behalf of said City, have hereunto set their hands and affixed the official seal of the City, pursuant to due and legal action authorizing the same by the City.

No. 652

AN ORDINANCE — Designating depositories for the moneys of the City of Pittsburgh, to regulate deposits therein, and to provide for the payment of interest thereon.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That all incorporated banks and trust companies now or hereafter located and doing business in the City of Pittsburgh, complying with the requirements and conditions hereinafter set forth, are hereby designated and appointed as City depositories, of which certain depositories shall be designated as active, in addition to being inactive depositories, as hereinafter provided.

Section 2. All of said banks and/or trust companies shall furnish to the City of Pittsburgh bonds of the United States Government, State of Pennsylvania, County of Allegheny, City of Pittsburgh, and/or a political sub-division of the State of Pennsylvania, and/or a surety company approved by the Courts of the County of Allegheny, the City Treasurer and the City Controller, and/or corporate bonds at 75% of their market value in an amount equal to the sum of deposits to insure the safety of deposits in said banks and/or trust companies, which bonds shall be delivered to the Treasurer of the City of Pittsburgh and his receipt given therefor.

The City Treasurer shall deposit all bonds, except surety bonds, as given, for the purpose of securing the funds of the City of Pittsburgh, with the Federal Reserve Bank of Pittsburgh, a national bank or trust company to be designated by the Mayor as custodian, and take a deposit receipt therefor.

The City Treasurer shall have the right to call for additional security or other security to replace those deposited at any time.

The City Treasurer shall have the authority

to refuse to accept any corporate bonds as security when in his judgment the same are not in a class to be accepted and held as security for city funds, but in no event shall the City Treasurer accept any corporate bonds which have not been approved by the Clearing House Committee of the Clearing House Association of Pittsburgh. Said appraisal of bonds approved by the Clearing House Committee shall be in writing to the City Treasurer and the City Controller. The Clearing House Committee shall on or before January 1, 1931, certify a list of corporate bonds which may be accepted by the City Treasurer as security for City deposits and every three months thereafter shall certify the value of the corporate bonds so held by the City or list additional bonds which may be accepted by the City as security for its funds, and shall notify the City Treasurer and the City Controller at said period if any bonds previously certified shall fail to meet the value required for approval by said Committee.

Corporate bonds which yield at the market price more than 6% per annum shall not be considered as satisfactory security.

No bonds or security held by the said custodian shall be delivered to any bank or trust company except upon the written order of the City Treasurer, and any cost in reference to the securities deposited with the custodian shall be borne and paid by the banks or trust companies whose corporate bonds are so held by the City.

Section 3. Of the duly qualified depositories, four shall be selected in which active accounts shall be kept as well as inactive accounts. The one bidding the highest rate of interest shall be called and designated as the clearing bank for the City of Pittsburgh, and the City Treasurer shall be and he is hereby authorized and directed to deposit in said clearing bank a sum not to exceed \$1,000,000.00, or as near that amount as is practicable, and the deposits in the other of said active depositories shall be \$250,000.00 each, or as near that amount as is practicable, unless the funds of the City on deposit are below that sum. The aforesaid sum of \$1,750,000.00 on deposit with the active depositories shall be deducted from the total funds of the City on deposit, and the balance shall be distributed among all of the qualified depositories, including the said active depositories, as hereinafter provided.

The active depositories shall be selected in the following manner:

The four banks and/or trust companies offering the highest rate of interest, which shall not be less than two (2%) per centum, shall become the active depositories; provided, however, that only the bank or trust company designated as the clearing bank, having capital and surplus equal to or exceeding \$1,000,000.00, and the other active depositories having capital and surplus equal to or exceeding \$500,000.00, shall be qualified or eligible to become active depositories. Said active depositories shall be charged with the duty of preparing the payrolls for the City, as may be required by the proper officers of the City.

And provided, further, that in case there should be more than four banks or trust companies, under the provisions of this Ordinance, which would be entitled to be chosen as active depositories, the Treasurer shall select first those offering the highest rate of interest, in the order of their bids. From those remaining, offering the same rate of interest, and whose offer is next highest to those selected, he shall select by lot, in the presence of the representatives of said banks or trust companies, a sufficient number to make up the required number, to-wit, four. And in case there should be more than four banks bidding the same highest rate of interest, the Treasurer shall select from that number by lot as above provided.

Section 4. The City Treasurer shall deposit all additional moneys not on deposit in the active depositories in all of the City depositories, distributing the same share and share alike among them. Provided, however, that no depository shall at any time have on deposit moneys of the City in excess of the amount of the securities hereinabove provided, held by the City Treasurer or the custodian, for the use of said bank or trust company holding said deposit; and, provided, further, that no bank or trust company shall at any time have on deposit moneys of the City in excess of 25% of its capital and surplus; and, provided, further, that no bank or trust company shall become a depository until it has been in actual business within the City of Pittsburgh for a period of three years.

In withdrawing deposits from the inactive depositories into the active depositories, or in case of any other withdrawal, the City Treasurer shall preserve the order of deposits as hereinbefore provided, that is to say, in case any bank by reason of its greater qualifying power has a larger deposit than the

other banks, the withdrawal shall always be made from the bank having the largest deposit downward, until all of the depositories hold an equal amount, at which time the moneys shall be withdrawn equally from all the banks.

Section 5. The active depositories shall pay the City as per their respective bids, and furnish the security as hereinbefore provided for, and the inactive depositories shall pay the City the sum of two and three-fourths (2¾%) per centum interest per annum on daily balances of the funds of the City held by or deposited with them respectively; payments of interest to be made quarterly on December 31st, March 31st, June 30th and September 30th of each year.

Section 6. Should any depository close its doors at any time during business hours or fail to pay any warrant drawn upon it by the City Treasurer when the same is presented at its counter, it shall be the duty of the City Treasurer forthwith to report the same to the City Controller, who shall at once proceed to collect the balance due the City from said depository from the securities which have been deposited for said City funds by said depository, according to law.

Section 7. The City Treasurer shall notify, in writing, the City Controller of the names of the banks which shall become depositories under the provisions of this Ordinance.

Section 8. The City Treasurer shall, on or before the first of December of each year notify every bank and trust company in the City of Pittsburgh of the terms of this Ordinance and request that the said bank or trust company notify the City Treasurer on or before the 15th day of December of each year, whether or not it desires to become a depository of such funds, and any bank or trust company desiring to become a depository of the City funds shall file a sworn statement with the City Treasurer of its financial condition showing the amount of paid in capital and surplus, and its general financial condition, and shall agree in case of any reduction of its capital or surplus, to immediately notify the City Treasurer of the amount of such reduction.

The banks and trust companies complying with the foregoing requirements and with the requirements of this ordinance shall constitute the City depositories for the ensuing year, and shall be entitled to receive the deposits of the City according to the said

statements and according to the terms of this ordinance.

All banks and trust companies desiring to become active City depositories shall file their bid with the City Controller as hereinbefore provided, on or before the fifteenth day of December of each year, which bid shall be for the ensuing year commencing on the first day of January.

The plan herein provided for City depositories shall become effective January 1st, 1931.

Any bank or trust company accepting an award of money as a depository hereunder, shall enter into an agreement under seal with the City of Pittsburgh to accept all conditions and provisions of this ordinance, and contracts and agrees to accept all moneys tendered to it by the City Treasurer up to the amount of its award, and to pay the interest thereon in accordance with this ordinance, and to comply with all the provisions and conditions of this ordinance, and all the amendments thereto, and to safely keep and pay over all such moneys deposited with it. By accepting the award and executing the agreement aforesaid, said bank or trust company shall be held to agree to these provisions for itself, its successors and assigns.

Section 9. That any Ordinance or part of Ordinance, conflicting with the provisions of this Ordinance, be and the same is hereby repealed, so far as the same affects this Ordinance, and especially Ordinance No. 554, Series 1912, recorded in Ordinance Book Volume 24, page 413.

EXONERATIONS

FOR VACANCIES—Where the premises is vacant and the entire supply of water shall, at the owner's written notice served on the Board of Water Assessors, be turned off by their direction by the Bureau of Water, and such water shall be turned on only by the Bureau of Water, at the owner's written notice to the Board of Water Assessors, exonerations of ninety (90%) per cent. for the flat assessment for the period during which the water is shut off shall be issued; provided that the period during which the water is shut off is greater than sixty (60) days consecutively.

All requests for exonerations for excessive assessments must be made during the current year in which the assessments are made, or during twelve (12) months after the termination of said year, and no exonerations shall be granted after said period has expired.

FOR CHANGES IN WATER USES—Where

fixtures are removed and water uses discontinued, exoneration will be issued covering the discontinued use from the date of approval of contract covering the revised water uses. In case any owner of any premises shall cause or allow water to be used for any purpose or in any fixtures for which there is no approved water contract on file in the office of the Bureau of Water, the rate for such usage or fixtures shall be at the rate specified in the foregoing schedule and shall date from the preceding January 1st, and the water for the entire premises shall be shut off until an approved contract for such additional water uses or fixtures has been signed and placed on file in the office of the Bureau of Water.

All fixtures on any premises, whether used or not, will be assessed as long as they remain in position.

WATER FOR FIRE PURPOSES.

No charge shall be made for water used during fires. All water used through fire systems, except during fires, shall be charged for at metered rates. All fire systems shall be metered, excepting sprinkler head systems, and the minimum charge for each quarter year shall be as follows:

2" and 3" meters.....	\$2.00 per quarter
4" meters	3.00 per quarter
6" meters and over.....	4.50 per quarter

EXPLANATION OF THE FOREGOING SCHEDULE.

In the foregoing schedule of rates, in cases where both flat and metered rates are specified, such flat rates shall govern until a meter or meters, controlling the entire supply of water, shall have been installed, when the metered water rates, rules and regulations shall govern. In the foregoing schedule of rates, in cases where metered rates only are specified, and the meter or meters are not in service or approved service during any portion of the water rent period, the registration for the portion of the water rent period during which the meter or meters are in approved service, or the registration during the preceding water rent period, shall be applied pro rata to the period during which the meter or meters are not in approved service. All water supplied at metered rates shall be at the following rates per quarter year:

METERED WATER RATES

First 250,000 gallons or less, 20c per 1,000 gallons;

Second 250,000 gallons or less, 18c per 1,000 gallons;

Third 250,000 gallons or less, 16c per 1,000 gallons;

Fourth 250,000 gallons or more, 14c per 1,000 gallons.

Hospitals, dispensaries and such other charities as are supported by public and private contributions, shall be charged at the rate of seven (7) cents per thousand gallons; provided, however, that hospitals supported by public charity shall receive free of all charge two hundred fifty (250) gallons of water per person per day, and schools supported by private charity shall receive free of all charge twenty-five hundred (2500) gallons of water per pupil per annum.

All hospitals and charitable institutions operating and maintaining laundries for commercial purposes, or maintaining and operating hydraulic power producing machinery, shall pay the usual and fixed rate for all water used for such purposes.

All hospitals and charitable institutions within the City of Pittsburgh which operate and maintain laundries for commercial purposes, or operate hydraulic power producing machinery, shall maintain separate water lines for such laundries or hydraulic power producing machinery. All water used for such purposes shall be separately and specially metered.

For all water taken, the rate for which is not specifically provided and which is not measured by meter, the quantities shall be estimated and charged for at the above metered rates; and provided, further, that in no case where metered water rates are in force shall the charge for such premise for each quarter be less than the amount specified in the following schedule:

25 cents per quarter for 1 and 2-roomed dwelling house premises.

50 cents per quarter for 3 and 4-roomed dwelling house premises.

\$1.00 per quarter for 5 and 6-roomed dwelling house premises.

\$1.25 per quarter for 7 and 8-roomed dwelling house premises.

\$2.00 per quarter for 9 and 10-roomed dwelling house premises.

\$2.50 per quarter for 11 and 12-roomed dwelling house premises.

\$3.00 per quarter for 13 and 14-roomed dwelling house premises.

\$4.00 per quarter for 15 and 16-roomed dwelling house premises.

\$5.00 per quarter for dwelling house premises of more than 16 rooms.

For all premises not included in the above schedule the minimum charge shall be $2\frac{1}{2}$ per cent. of the yearly flat assessment per quarter excepting in each case where a premise is equipped with an auxiliary water supply consisting of a pumping engine of not less than 50,000 gallons per day capacity and a reserve tank of not less than 3,000 gallons capacity, the minimum charge for each quarter shall be as follows:

For each $\frac{5}{8}$ -inch meter.....	\$2.00
For each $\frac{3}{4}$ -inch meter.....	3.00
For each 1-inch meter.....	5.00
For each $1\frac{1}{4}$ -inch meter.....	7.50
For each $1\frac{1}{2}$ -inch meter.....	10.00
For each 2-inch meter.....	12.50
For each 3-inch meter.....	20.00
For each 4-inch meter.....	30.00
For each meter larger than 4-inch.....	50.00

The meter or meters to be used must be approved by the Bureau of Water; must be installed under the direction of and in a manner satisfactory to the Bureau of Water, and shall at all times be accessible to the Board of Water Assessors and the Managing Engineer of the Bureau of Water, their agents or assistants. Metered rates charged to any premises cannot be changed to flat rates. All meters must be furnished by and at the expense of the property owner. Meters will be tested, repaired and replaced by the Department of Public Works. For this service there will be levied on each metered service the following quarterly charge:

$\frac{5}{8}$ x $\frac{3}{4}$ x $\frac{1}{2}$ -inch meter.....	\$0.50 per quarter
$\frac{3}{4}$ -inch meter.....	.75 per quarter
1-inch meter.....	1.00 per quarter
$1\frac{1}{4}$ -inch meter.....	1.25 per quarter
$1\frac{1}{2}$ -inch meter.....	2.00 per quarter
2-inch meter.....	3.00 per quarter
3-inch meter.....	6.00 per quarter
4-inch meter.....	11.00 per quarter
6-inch meter.....	20.00 per quarter

That all meters shall be read quarterly and as promptly thereafter as possible, a statement of water used by consumer in the preceding quarter, together with the amount then due the City of Pittsburgh, shall be promptly mailed to said consumer. All charges to metered water consumers shall be subject to a discount of two (2%) percentum on the face thereof if paid within ten days; shall be payable at face if paid within the next succeeding ten days, and if not paid within twenty days after date of said notice.

shall be subject to penalty for non-payment of two (2%) percentum additional plus one-half of one percentum for each month or any part thereof that the same shall not be paid.

In case the said accounts are not paid within twenty days as provided in above paragraph hereof, they shall become delinquent and the said accounts shall thereafter be collected by the Collector of Delinquent Taxes, who shall, in default of payments, proceed with the collection thereof and the filing of liens in the same manner and at the same time as is provided under the Acts of Assembly for the year.

AN ORDINANCE — Making appropriations to pay the expenses of conducting the public business of the City of Pittsburgh and for meeting the debt charges thereof for the fiscal year beginning January 1, 1931, and ending December 31, 1931.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same,* That the revenues of said City derived from taxes and other sources for the fiscal year beginning January 1st, 1931, and ending December 31st, 1931, are hereby appropriated in the sum of \$28,747,626.00, to pay the expenses of conducting the public business of the City of Pittsburgh and meeting the debt charges thereof during the said period beginning January 1st, 1931, and ending December 31st, 1931, and all unencumbered balances of appropriations remaining open upon the

books of the City Controller at the close of the fiscal year shall be and the same are hereby ordered to be cancelled, except such amounts as shall be specially requested by letter from the Director or Chairman of the special activity having the matter in charge, certifying that the amounts requested are required for the purpose for which specifically appropriated, or such amounts as shall be directed to be carried over to the fiscal year 1931 by resolution or ordinance of Council.

Section 2. No liability shall be incurred against any appropriation item in excess of the unencumbered balance thereof, and said appropriation items shall be administered subject to and in conformity with the following terms and conditions:

(a) The heads of the several departments shall prepare their several payrolls for audit by the Controller in accordance with the items of the ordinance establishing the respective positions and rates of compensation, and no payroll shall be approved for payment by the Controller unless the incumbents and the rates of compensation agree with the items of said ordinance, and unless the payroll show the appropriation account or accounts chargeable with the compensation of each employee included thereon.

(b) There shall be affixed to all payrolls a certificate made by the person preparing such payrolls to the effect that there is a time record on file in said department certified to by a person or persons having knowledge of the facts, showing the character of service and exact time of employment of each person named in the payroll, and that the distribution of time as shown on the payroll is in accordance with such time records.

(c) No transfer shall be made from one appropriation item to another except by resolution or ordinance of Council, and such resolution or ordinance shall in each case set forth the reasons for such request, and be accompanied by a certification from the Controller stating that there is a sufficient balance unencumbered and available in the appropriation item from which the transfer is to be made.

Section 3. No obligation shall be incurred by any department of the City government other than for salaries or wages, or for necessary expenses of employees when engaged upon City business, except through the issue of an order, stating the service to be rendered, work performed, or supplies, mate-

rials or equipment to be furnished together with the estimated cost of the same. The Director of the Department of Supplies is hereby authorized and directed to provide upon requisition by the head of any department all necessary supplies, materials, equipment and machinery for such department; provided, however, that no requisition of any department shall be filled by the Director of the Department of Supplies in excess of the unencumbered balance of the appropriation properly chargeable, and that no order shall be issued by the Director of the Department of Supplies, or by the head of any other department of the City government, until it has been approved by the City Controller.

Payments on account of direct purchases shall be made from the amounts hereinafter appropriated therefor respectively. Purchases made by the Director of the Department of Supplies to go into stores shall be paid for from the fund provided for such purpose, and when and as directed by the City Controller said fund shall be reimbursed from other appropriations to the extent of deliveries made from stores.

No. 697

AN ORDINANCE—Authorizing and directing the Mayor of the City of Pittsburgh to make, execute and deliver in the name of and for the City of Pittsburgh, in connection with the grading to a width of 20 feet, paving and curbing of Owendale avenue, from Brownsville road to the westerly line of Kestner avenue, a contract with the proper officers of the Borough of Brentwood to grade, pave and curb that portion of Owendale avenue located within the corporate limits of the Borough of Brentwood, from Brownsville road to the westerly line of Kestner avenue, and providing for the payment of the cost thereof.

Section 1. *Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same, That the Mayor of the City of Pittsburgh be and he is hereby authorized and directed to make, execute and deliver the following contract with the Borough of Brentwood and affix thereto the corporate seal of the said City.*

ARTICLES OF AGREEMENT

Made and entered into this day of, 1930, by and between the Borough of Brentwood, party of the first part and the City of Pittsburgh, party of the second part.

WITNESSETH

Whereas, The Borough of Brentwood desires to grade, pave and curb that portion of Owendale avenue within its corporate limits, from Brownsville road to the westerly line of Kestner avenue, and has legally authorized by ordinance said improvement, and

Whereas, The said Borough desires that the City of Pittsburgh perform the work of grading, paving and curbing that portion of Owendale avenue, located within its corporate limits, as part of the contract for the grading to a width of 20 feet, paving and curbing of Owendale avenue, located within the corporate limits of the City of Pittsburgh, from Brownsville road to the westerly line of Kestner avenue, in order to obtain a properly paved thoroughfare for the entire length of the improvement, which would not obtain if the work were carried out in separate contracts, and

Whereas, The Council of the Borough of Brentwood in regular meeting assembled the twentieth day of November, 1930, passed an ordinance agreeing that the Borough of Brentwood will pay to the City of Pittsburgh their share of the cost of grading, paving and curbing that portion of Owendale avenue within the Borough of Brentwood.

NOW, THEREFORE, THIS AGREEMENT
WITNESSETH:

That the parties hereto in consideration of the mutual covenants and conditions herein recited do covenant and agree as follows: each covenanting for and binding itself to the other;

FIRST: The Borough of Brentwood has authorized the City of Pittsburgh to grade, pave and curb that portion of Owendale avenue within the corporate limits of the Borough of Brentwood, from Brownsville road to the westerly line of Kestner avenue, in connection with the contract for the grading to a width of 20 feet, paving and curbing of Owendale avenue, from Brownsville road to the westerly line of Kestner avenue, in order to have one (1) contractor carry out the entire improvement.

SECOND: The City of Pittsburgh, upon passage of an ordinance and approval of the same, authorizing the grading to a width of 20 feet, paving and curbing of Owen-

dale avenue, from Brownsville road to the westerly line of Kestner avenue, within its corporate limits, will grade, pave and curb that portion of Owendale avenue located within the corporate limits of the Borough of Brentwood, between Brownsville road and the westerly line of Kestner avenue, as part of the entire improvement of the street; the estimated cost of the improvement within the City of Pittsburgh being Twenty-five Thousand (\$25,000.00) Dollars, and the portion within the Borough of Brentwood being estimated at Twenty-five Thousand (\$25,000.00) Dollars; and further, an estimated cost of Two Thousand (\$2,000.00) chargeable against the Borough of Brentwood for the construction of necessary storm sewers in the Borough and connected to the Borough's storm sewer system.

THIRD: Within thirty (30) days after completion and acceptance of the work, the Borough of Brentwood agrees to pay to the Treasurer of the City of Pittsburgh, the costs of the improvement within its corporate limits as shown in separate final estimate issued and approved by the Director of the Department of Public Works of the City of Pittsburgh, and the Mayor and Controller are hereby authorized and directed respectively to issue and countersign a warrant drawn on said fund in payment of the cost of the final estimate for the work done within the corporate limits of the Borough of Brentwood.

FOURTH: Upon the completion of the contract for the grading, paving and curbing of Owendale avenue, the City of Pittsburgh shall be responsible for and maintain the portion of the street pavement within the corporate limits of the City of Pittsburgh, and the Borough of Brentwood shall be responsible for and maintain the portion of the street pavement within the corporate limits of the Borough of Brentwood.

IN WITNESS WHEREOF, The Borough of Brentwood has caused its corporate seal to be hereunto affixed, and this contract to be signed by the proper Officials of the Borough of Brentwood, and this contract is signed and executed in the name of the City of Pittsburgh by its Mayor, and the seal of said City is by the Mayor hereto affixed, he having been duly authorized so to do by Ordinance of Council of said City, all done the day and year aforesaid.

No. 19

Whereas, The City of Pittsburgh is vitally interested in the construction of the Lake

Erie and Ohio River Ship Canal project, and deem it will be of great benefit to the States of Pennsylvania and Ohio; and,

Whereas, The State of Pennsylvania has expended about \$250,000.00 on this project for investigation surveys, maps, etc., and the citizens of Pittsburgh have expended about \$60,000.00 over a period of several years for similar studies, because these public-spirited citizens believe this project will be of great benefit to the Pittsburgh District; and,

Whereas, There are many large industries including coal mining, in the Pittsburgh District which will use to a large extent this canal when completed; Therefore, be it

Resolved, That the Mayor and Council of the City of Pittsburgh heartily endorse the construction of this project and petition the United States Engineers on Rivers and Harbors to recommend this great project to the Congress of the United States, because the Mayor and Council believe this project will be a benefit to our community and will serve the large coal, steel and manufacturing interests as well as mercantile interests of the district, and that the increasing tonnage from this district will be more adequately taken care of by river and canal to the Great Lakes and thence to the sea.

Whereas, The late E. E. Lanpher, Managing Engineer of the Bureau of Water, has recently prepared two papers on Pittsburgh's Water Works, as follows:

"A Century of the Pittsburgh Water Works,"

"Water Works of the City of Pittsburgh,"

and,

Whereas, Due to the country-wide reputation of Mr. Lanpher as an authority and expert on Water works practice, there is a demand from many quarters for copies of these treatises, and there should be a supply on hand to furnish same; and,

Whereas, Printed copies should be placed in our universities and colleges, as well as in the higher grades of the public and parochial schools; and,

Whereas, There is also an article prepared by C. F. Drake, Division Superintendent of the Filtration Division, on the subject of Typhoid Fever, which was printed in the January, 1929, edition of the Proceedings of the Engineering Society of Western Pennsylvania, which might be termed a sister article to those of Mr. Lanpher in that Mr. Drake's subject dwells upon the disappearance of typhoid fever in Pittsburgh due to a supply of pure, filtered water. Therefore, be it

Resolved, That the City Clerk be authorized, and he is hereby authorized to have one thousand copies of the above described papers printed in pamphlet form, not only for distribution among our universities, colleges and schools, and to take proper care of the inquiries that are being received from outside the City, but also for use by Pittsburgh Water Works Engineers for use in their

No. 159

Whereas, On that bright, warm spring day, May 8th, 1930, as the sun was setting in the west and the shadows of night were creeping over the sky, Daniel Winters, growing weary, said 'Good-night' and passed on to "the Realm where the rainbows never fade; where the stars will be spread out before us like islands that slumber in the ocean; and where the beautiful beings which now pass before us like shadows will stay in our presence forever"; and,

Whereas, His earthly existence began February 4th, 1876, under humble circumstances; and in his native city of Pittsburgh, received a common school education; then entered the window glass house and became a glass cutter, taking a deep interest in the organization of his fellow workers; and,

Whereas, He delighted to read the history of his beloved United States, and was an admirer of the patriots and public men who contributed to the founding and development of our institutions, thereby acquiring a knowledge of affairs and a liking for public life; and,

Whereas, He held the office of Police Magistrate; Assistant to the Director of Public Safety; Councilman, serving as President of the City Council; and finally, Controller of the City of his nativity, which office he held when stricken; and,

Whereas, He was a student of civic matters and took a deep interest in the welfare of the community in which he lived and in the City of Pittsburgh; and,

Whereas, He loved his fellow-men, he became a fraternal man and allied himself with the Fraternal Order of Eagles; the Loyal Order of Moose, presiding over Lodge No. 46; the Benevolent and Protective Order of Elks, being a Past Exalted Ruler of Pittsburgh Lodge No. 11; Monongahela Lodge No. 269, Free and Accepted Masons; Duquesne Chapter No. 193, Royal Arch Masons;

Pittsburgh Commandery No. 1, Knights Templar; Syria Temple of the Ancient Arabic Order of Nobles of the Mystic Shrine; Islam Grotto No. 35, M. O. V. P. E. R., and Pittsburgh Chapter, Sons of the American Revolution; and,

Whereas, By these varied activities and natural ability, he developed a human touch, a personality, a charm, a keen insight into affairs, and became one of the most popular and capable men in public life in this community; and by his frankness and courage and his courteous treatment of all who had dealings with him, endeared himself to them; Therefore, he it

Resolved, That in the passing of Daniel Winters, the City of Pittsburgh has lost an honored and respected citizen; and the Council and the Mayor have lost a faithful and efficient co-worker; and take this means of expressing their sincere regret in his untimely death, and hereby extend to the bereaved family their heartfelt sympathy in this hour of their great loss; and, be it further

Resolved, That this resolution be spread in full upon the record of Council and an engrossed copy thereof sent to the family.

"Thy presence sweet
Still through long years of vigil I may share,
For if from that enchanted spirit-land
Thy healthful thought into my soul may shine
(E'en though thy voice be still and cold thy hand,
To lift my life and make it pure as thine:
Then, though thy place on earth a void must be,
Beloved friend, thou art not dead to me."

No. 170

Whereas, The matter of freight rate discrimination against Pittsburgh's coal and iron business is a great handicap; and,

Whereas, The welfare and prosperity of the entire community depends upon the basic industries obtaining just and equitable freight rates, so that the mines and mills of Pittsburgh and vicinity may operate and furnish employment to the workers and not be kept closed because the natural geographic location of Pittsburgh as a business center has been lost because other sections of the country with longer hauling distances are favored with lower freight rates, while Pittsburgh, with shorter hauling distances, has been

compelled to pay higher rates; Therefore, be it

Resolved, That the Council and Mayor of the City of Pittsburgh deem it necessary for the welfare of the City to take official action by having the City Solicitor intervene in the cases now pending before the Public Service Commission of Pennsylvania, the Interstate Commerce Commission of the U. S. and in any Courts or before Congress with all these matters in an effort to obtain just and equitable freight rates for Pittsburgh; and, be it further

Resolved, That the City Solicitor shall present any legislation necessary to carry out the intent and purposes of this resolution—expenses for expert counsel, witnesses, investigations and other necessary expenses in connection with same.

Whereas, In connection with the proposed widening and reimprovement of Eleventh street, from Penn avenue northwardly, which work on the part of the Pennsylvania Railroad requires the construction of a new overhead bridge for railroad facilities to the freight yards east of Eleventh street, the Railroad Company's plans and program required the construction of said bridge to be started the first or second week in September, 1930; and,

Whereas, The City's work involved in said reimprovement of Eleventh street cannot be carried out until legislation pending in Council authorizing the same is passed and approved by the Mayor, which could not be consummated in time to permit the City advertising for bids previous to the starting of the bridge work by the railroad; and,

Whereas, A delay on the part of the City in advertising for bids, awarding a contract and carrying out same, would delay the construction of the bridge by the said Railroad Company account the fact that the bridge work would cut off all access between Pike street and the lower end of the Railroad yards via Eleventh street; and,

Whereas, This matter was presented to Council August 11, 1930, and Council, in Committee, advised the Department of Public Works to procure a competent contractor to perform the necessary grading to permit access for vehicular traffic under the new proposed railroad bridge and upon the completion of the work, to present to Council the necessary legislation authorizing payment of same, at cost plus 15 per cent for profit; and,

Whereas, The Department accordingly authorized and directed the John F. Casey Company, which company had a steam shovel in the immediate vicinity of the work, to perform the necessary grading work required, and the said John F. Casey Company performed the said work; Now, therefore, be it

Resolved, That the Mayor be and he is hereby authorized and directed to issue, and the City Controller to countersign, a warrant in favor of the John F. Casey Company at cost plus 15 per cent for profit, for the grading of Eleventh street, in the amount of \$1,635.96, and charge same to Bond Fund No. 293, People's Bond Issue, 1928.

Whereas, The Bureau of Highways and Sewers are now and have been for a considerable period of time greatly handicapped in rendering service to the Brookline section of the Nineteenth Ward, City of Pittsburgh, because of the lack of stables in this locality; and,

Whereas, The efficiency of the Bureau of Highways and Sewers can be greatly promoted by the acquiring of two Stalls in the stables of one Jacob Schuck, located at 2326 West Liberty Avenue, in which the equipment for this section can be maintained; Therefore, be it

Resolved, That the Bureau of Highways and Sewers be authorized to enter into a lease with Jacob Schuck for the rental of two stalls at an annual rental of One Hundred Twenty Dollars per annum, payable monthly, from the first day of June, A. D. 1930, to the first day of July, 1931.

Whereas, God, in His Infinite Wisdom, has seen fit to remove from our midst, our beloved fellow-townsmen, Henry Phipps; and,

Whereas, In the loss of Henry Phipps, the City of Pittsburgh has lost a most generous benefactor; and,

Whereas, Henry Phipps was a resident of Pittsburgh in his early life and participated to a great extent in the growth of the City during that period; and,

Whereas, In later life, Henry Phipps remembered the City of Pittsburgh most generously in his benefactions by the donation of the Phipps Conservatory in Schenley Park, the Phipps Conservatory in West Park and the Phipps Gymnasium and Playground on the North Side; Therefore, be it

Resolved, That the people of the City of Pittsburgh, through their Mayor and the Council, do hereby extend to the relatives and friends of the late Henry Phipps their deepest sympathy in the loss of such an outstanding figure in the financial, social and civic life of the country, and that a copy of these resolutions be engrossed and presented to the relatives.

Whereas, Nothing is nobler than to plant the flower of gratitude on the grave of a generous man,—of one who labored for the good of all,—so we pay our respects to the memory of William H. Stevenson, who on

September 22nd, 1930, wrapped about him the drapery of his couch and lay down to pleasant dreams; and,

Whereas, William H. Stevenson was reared in Pittsburgh; carried on a successful grocery business; took a deep interest in the civic problems of this community; helped to promote every progressive movement looking to the betterment of Pittsburgh and its environs; was thrilled by historical research; was lured by the fine arts; and by reason of his wonderful training, wide experience and grasp of situation, was called upon to fill many public offices and guide many public movements; and,

Whereas, He served the City of Pittsburgh in the capacity of Councilman for many years; Therefore, be it

Resolved, That in the passing of William H. Stevenson to the Great Beyond, the City of Pittsburgh has lost a real man and a dutiful citizen, and the public a true champion; and the Council and the Mayor of the City of Pittsburgh take this means of acknowledging their great loss and hereby extend to the bereaved family their heartfelt sympathy in this hour of their affliction; And, be it further

Resolved, That this Resolution be spread in full upon the record of Council and an engrossed copy sent to the family.

"Twilight and evening bell,

And after that the dark!

And may there be no sadness of farewell
When I embark.

For tho' from out our bourne of time and
place

The flood may bear me far,

I hope to meet my Pilot face to face
When I have crossed the bar."

No. 321

Whereas, On Saturday, October 25th, 1930, the new Mid-Transcontinental Air Route from New York to San Francisco via Pittsburgh, St. Louis, Kansas City and Los Angeles, will be inaugurated, which, by affording an expeditious daily mail and passenger service, will render a distinct benefit not only to the business and financial interests but to the people of the community as a whole, increasing its importance as a transportation center, so that Saturday, October 25th, may be recorded as an historical day in the annals of the history of Pittsburgh, making another mile-stone in our progress.

Whereas, Bancroft, America's greatest historian, dubbed Pittsburgh the "Gateway of the West". Located as we are at the most important headwater of the Mississippi, he based his prophecy particularly on waterway commerce. On next Saturday we may well assume the additional title of "Air Gateway to the West".

Whereas, On this auspicious occasion we pay another tribute to that eminent Pittsburgher, the first man in the world who

succeeded in building a successful heavier-than-air flying machine—Samuel P. Langley, in whose honor "Langley Field" has been named, and for whom the Pittsburgh Board of Education has named one of our High Schools as a memorial to his genius. We record our tribute to the memory of that gallant young airman, a Pittsburgher—Calbraith Perry Rodgers—first to make a trans-continental flight, and who gave his life to the cause.

Whereas, Our State of Pennsylvania, through its appropriation of \$250,000 is largely responsible for the inauguration of this new Mid-Transcontinental Air Route—The State Legislature is hereby accorded our thanks.

Whereas, The Council also places itself on record as being thankful to the Commissioners of Allegheny County for their very generous appropriations to aid the City in the construction of a wonderful A-1 Municipal Airport, recognizing the fact that when the port is completed, the three principal cities of our great state—Philadelphia, Harrisburg and Pittsburgh—will have outstanding airport facilities.

Whereas, This auspicious starting of airway service is but the forerunner of Hydroplane development, our City being fortunate in having three great and important waterway arteries connecting this Industrial Empire with the great distributing cities of the South, Southwest and Northwest.

Whereas, Heartily thanks are due at this time to all of our people whose activities have contributed to the inauguration of this wonderful service by helping to make our people air-minded. Among these might be recorded:

The Aero Club of Pittsburgh, The Pittsburgh Chamber of Commerce, through its special committee on Airport Development, Arthur E. Braun, Chairman; The Aeronautics Committee of the Chamber, Raymond M. Marlier, Chairman; Pittsburgh-Butler Airport; Pittsburgh-Greensburg Airport of the Main Aeronautics Corporation; Bettis Airport of the Curtiss-Wright interests; and to those pioneers—Colonel Harry Fry, Colonel William Thaw and Casper Mayer who were in at the beginning, blazing the way.

Whereas, It is fitting that there should be special mention and official recognition by this Council of the splendid work accom-

plished by the Pittsburgh Aviation Industries Corporation, organized by a group of Pittsburgh business leaders, with George R. Hann as the able, energetic, and tireless President, in lending its financial and business guidance in encouraging and stimulating all forms of aeronautic activities in the Pittsburgh District. And the Trans-Continental and Western Air, Inc., is hereby heartily commended for its work in fulfilling the need of the Pittsburgh District with these additional transportation facilities. Therefore, be it

Resolved, That the Mayor and the Council of the City of Pittsburgh do hereby extend to the Pittsburgh Aviation Industries Corporation their most sincere felicitations upon the accomplishments of that organization in the advancement of aviation transportation in general, and the resultant distinction brought to the City through the zeal of that corporation in the selection of our City as a terminal on this important trans-continental route; And, be it further
